

NO. 11,918 41ST YEAR

COLORADO SPRINGS, COLO., THURSDAY, MAY 1, 1913

PRICE FIVE CENTS

BANKS TO PAY INTEREST ON DEPOSITS

Government Funds Will Draw Two Per Cent After June 1

DEPOSITS TO BE INCREASED

More Government Funds Are Released and Placed in Circulation

WASHINGTON, April 30.—The fiscal system of the United States government deposits of federal funds in national banks was revolutionized today by Secretary McAdoo of the treasury department with an announcement that all government depositors, whether active or inactive, would be required to pay interest at the rate of 2 per cent per annum beginning June 1 upon deposits of the government.

Simultaneously with this action, the secretary authorized an immediate increase of \$10,000,000 in government deposits in the national banks, making the total \$52,649,944, from which the federal treasury will earn under the new interest order, \$1,052,998 annually. There are indications that Secretary McAdoo intends to release still more surplus money from the treasury vaults and place it in general circulation through increased deposits with the national banks. In a statement tonight he said:

"With the banks paying interest on government deposits, the secretary may be justified in keeping larger balances in the national banks, thereby increasing the volume of money in circulation, and to that extent reducing the amount locked up in the treasury."

Character of Securities Changed.
Mr. McAdoo also announced a radical change in the character of securities which the treasury department would accept for government deposits instead of requiring that the national banks secure treasury deposits exclusively with United States or provincial government bonds, they will be allowed in future to secure 70 per cent with government bonds and the remaining 30 per cent with high-class state, city and county bonds acceptable to the secretary of the treasury to be taken as security at 75 per cent of their market value, but not to exceed par.

This is the first time in history that the treasury department has called upon the banks to pay interest in what are known as active deposits, or accepted, except in periods of financial stress, security other than government bonds. Active depositors are those which conduct a checking account for the government, cashing checks of the disbursing officers and replenishing revenue receipts deposited with them. There are 990 inactive depositors, each holding \$1,000 of government bonds. Upon these deposits, which are not disturbed by checking accounts, the government has drawn 2 per cent interest for the last five years. These are the only government accounts which ever have earned interest.
For years there has been agitation in and out of congress to assess the national banks interest on their government deposits. This invariably has been resisted by previous administrations of the treasury on the theory that the banks with active accounts

(Continued on Page Three)

NEW CITY OFFICERS ARE SWORN TODAY

McKesson, Eubank and Johnson Succeed Avery, Whitaker and Himebaugh

The change in the city administration of Colorado Springs will be effected this morning at 10 o'clock, when the present council meets for its final session and Mayor C. E. McKesson and the two incoming councilmen, J. Eubank and D. G. Johnson, are formally inducted into office by taking the oath administered by District Judge Little.

The new council will then be called to order by Mayor McKesson, with the two new councilmen occupying the seats filled by J. A. Himebaugh and C. F. Whitaker since the first election under the commission form of government.
Assignments to the various departments probably will be announced by Mayor McKesson, and will be the only business transacted by the new council. It is understood that Commissioner Frost will be reappointed head of the department of public health, and that Commissioner Lawton will remain head of the department of public works and property. It also is thought that Eubank will be placed at the head of the finance department, with Johnson assigned to public safety. Announcement of the appointment of city attorney also probably will be made. Present forces under the hold-over commissioners probably will remain in their positions, and few changes are expected in other departments.

WANTS PEACE

Members of the state department in Washington are delighted at the news of the conservative stand taken by Baron Yamamoto, premier of Japan, in regard to the pending controversy between the United States and his country regarding the anti-Japanese legislation now being promoted in California. Baron Yamamoto is greatly displeased at the Jingo demonstrations against the United States that have been held in Tokyo since the alien land law bill was introduced in the California legislature.

SENATE WILL ACT ON JAP LAND LAW TODAY

California's Attitude Toward Secretary Bryan May Be Known Tonight

SACRAMENTO, Cal., April 30.—An object of the way for final action in the senate tomorrow morning on the Webb-Anderson land act was prepared today by the floor leaders in the upper house, and before tomorrow night a concrete expression of the legislature's attitude toward Secretary of State Bryan's diplomatic visit will be at hand in the shape of a vote on the most drastic land holding act yet proposed.

Secretary Bryan spent the day in San Francisco, not returning until late tonight. It was not known whether he had received further instructions from President Wilson regarding his proposition to the legislature.
In his absence the original plan to permit no further delay was carried out, and when the senate adjourned tonight the Webb bill, which stands on the file as the accepted substitute for the original Thompson-Birdsall measure, was due to be reported within a few minutes after the upper house convenes tomorrow morning.

A long debate is not improbable, and a few amendments will be offered, but they will be resisted with the full force of the administration leaders, who stated tonight that they expected the act to be passed in its present form.

Webb Bill Is Acceptable.
There was wide discussion of the new bill today, although but little criticism was forthcoming from the standpoint of California. In comparison with various drafts that preceded it, the Webb act is said to be more drastic and effective in reaching the Japanese farmers of the state than any other proposed measure, and at the same time least objectionable of all from an international point of view.
Senator Thompson declared tonight that the bill provided for the "immediate and direct solution of the Japanese problem," and to this extent it is the most rigid and uncompromising measure that has been suggested.
Senator Thompson denied that the wording of the act, or any part of it, can be taken as a concession to the Japanese, and the Japanese government. The governor of California, Mr. Johnson, stated today that from what he understood of the situation, the measure did not have the approval of President Wilson.
"It is altogether probable that we would have reached this form of bill in any case," said Senator Thompson, "and it cannot fairly be said that the act is a concession to the Japanese. It is a measure of self-defense, and it is a measure of self-defense that has been suggested."

AUSTRIA MOVING ON MONTENEGRO

100,000 TROOPS START FOR FRONTIER

Hope of Avoiding Another War Lies in Meeting of Ambassadors

ROME, April 30.—It is considered here that the last hope of avoiding the gravest complications in the Balkan situation lies in the meeting of ambassadors in London tomorrow, when the question of united action by the European powers is expected to be decided.
The general feeling in Rome is that Great Britain, France and Russia, not because they desire discord, but because they do not wish to back Austria in immediate action against Montenegro, may procrastinate, thus forcing the isolation of Austria. In such cases, Italy for the protection of her own interests, almost certainly will intervene to ensure order in Albania and enforce there the decisions of Europe.

LONDON, May 1.—One hundred thousand Austrian troops now are moving in the direction of the Montenegrin frontier, according to an Antivari dispatch to the Mail. A large number of Austrian troops also are proceeding to Antivari by sea.

LONDON, April 30.—The Balkan question showed no development here today.

A Constantinople dispatch says that the port has been ordered to push to disarm and disband his native troops and send the regiments to Beirut.
Both Austria and Montenegro, according to Vienna advices, are continuing their military preparations. Montenegro has dispatched 5,000 troops drawn from Scutari towards the Austrian frontier and has mounted heavy guns above Cetina. Great ministerial and diplomatic activity prevails in Vienna.

LONDON, May 1.—A Vienna dispatch to the Times says that in the event of Austria attempting to coerce Montenegro there is little doubt that she would be supported by Italy, which probably would occupy Santa Quacchia and Avlona, while Austria would proceed against Torchen mountain and Scutari. In order to avoid needlessly offending Russia, the eastern dispatch Scutari would be carried out through Albania, not from Hercegovina.
The Sofia correspondent of the Times learns that the Greek and Serbian forces now massed in South Macedonia aggregate 220,000. They are confronted by three Bulgarian divisions totaling 60,000 men. Almost all the remaining Bulgarian forces are still before Bulair and Tchatalja.
The Bulgarian government, the dispatch adds, is exhausting every means to arrive at a friendly arrangement with Serbia and Greece, but the danger of a conflict is still imminent.

EALERS SENT TO PRISON

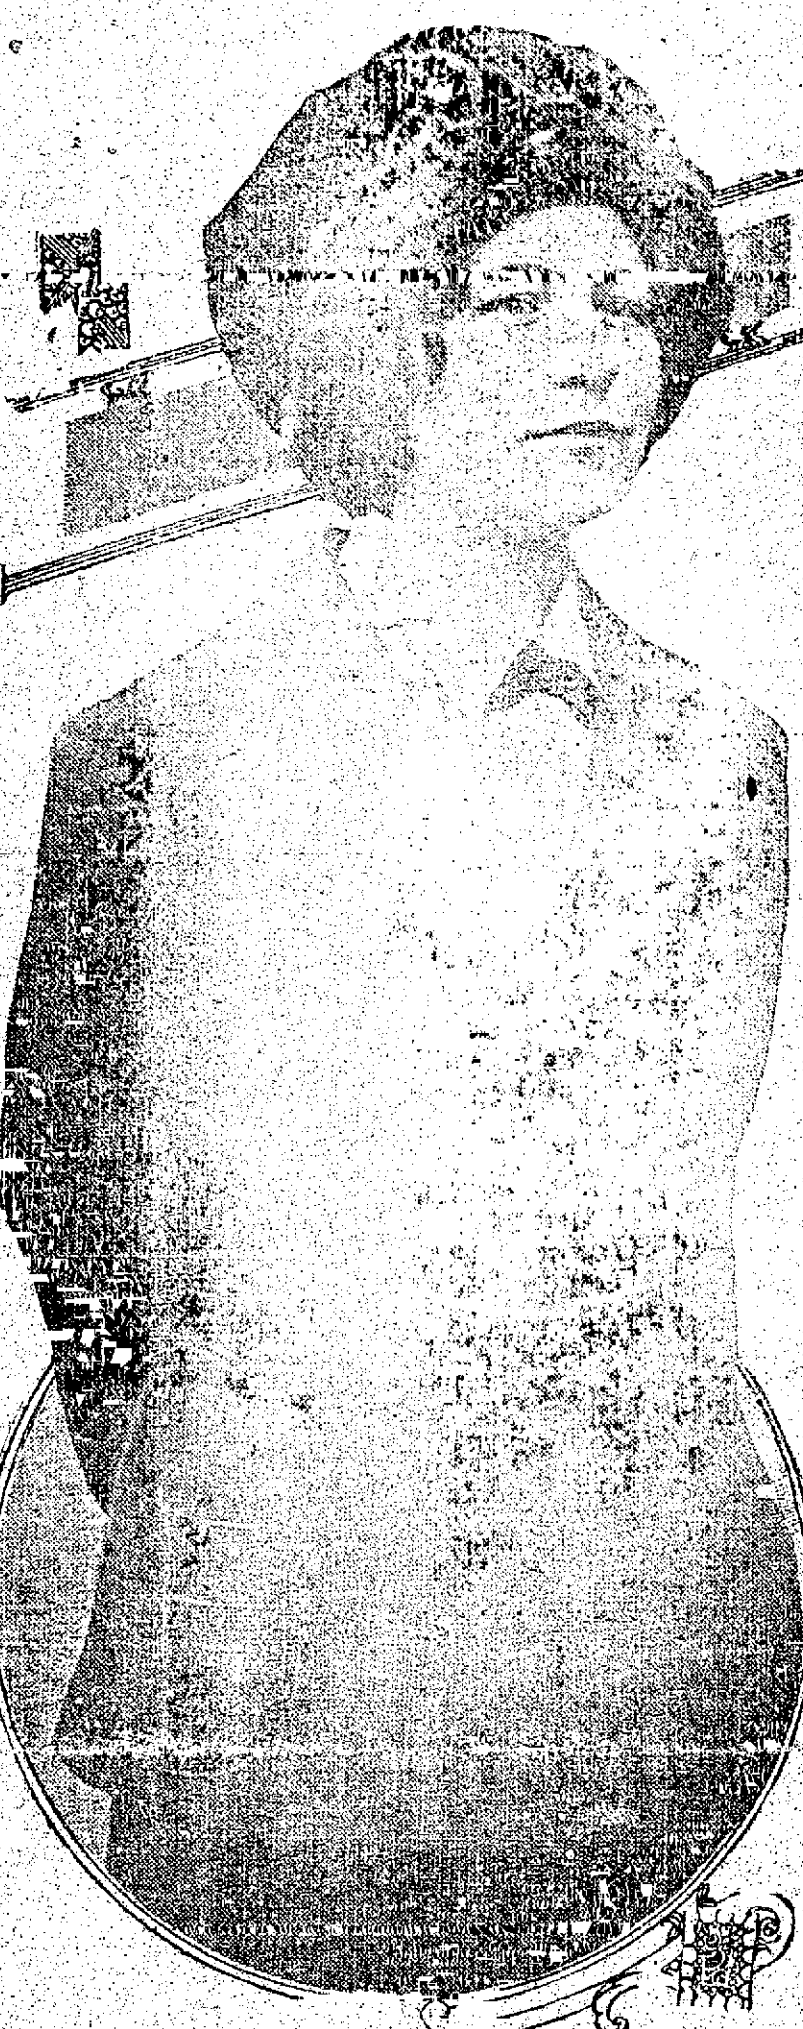

STOCKTON, Cal., April 30.—Peter Dales, aged 68, former chief of police of Cripple Creek, Colo., ex-shepherd of a Kansas county, and sought by the police of many cities, was sentenced today by Judge Smith of the superior court to two years at Folsom penitentiary for grand larceny. Dales obtained \$200 for a business that did not exist, and departed with the money. He is said to have worked the same game in many cities of the west.

Negro Kills Three and Escapes Posse

HAMPTON, S. C., April 30.—Three prominent Hampton county men were killed and several wounded in a pitched battle this afternoon and night with Richard H. Austin, a negro, accused of attempting today to assault a white woman at Luray, S. C.
The dead were J. Frank Bowers, a planter; Dr. S. C. Moore, a local physician; and Magistrate F. H. Edensfield of Allendale, S. C. George Hanna and an unknown man probably were fatally injured. The negro has not been caught.

Austin is alleged to have gone to the home of a citizen of Luray and attempted an assault upon a young woman this afternoon. The woman cries attracted passersby, but the negro escaped. Armed with a shotgun, a bag filled with shells, a large revolver and a belt filled with cartridges, he sought refuge in the woods.
When the pursuers approached the negro in the woods, he opened fire. In the first volley of shots Bowers was killed. Dr. Moore fatally wounded and George Hanna was shot in the back.
The pursuers retreated a short distance and kept up a scattered fire. Help was summoned from Allendale and Hampton and bloodhounds were ordered.
About 8 o'clock tonight Magistrate F. H. Edensfield of Allendale, who had joined the posse, attempted to lead a dash to the negro's hiding place. He was shot and instantly killed, and an unidentified man with him was probably fatally wounded.
A Gordon was drawn around the thicket where the negro was at bay and reinforcements were awaited.
Shortly after 9 o'clock the negro made a dash for liberty. At least 50 shots were exchanged, but he escaped. Bloodhounds are being rushed to the scene from Barnwell, S. C., and from the state penitentiary. Governor Rouse also has been requested to send troops, but at a late hour no action had been taken by the governor.

WOULD DYNAMITE PARLIAMENT

Miss Elsie McKenzie, a determined young English woman who is in New York to help in the fight for suffrage. She declares that her fellow workers in England will blow up the house of commons and lords if necessary to force the government to give them the right to vote.

TEN COMMANDMENTS FOR A CLEANER CITY

- 1—Thou shalt not tear up and scatter papers nor throw anything on the sidewalks or streets. Find the rubbish can.
- 2—Thou shalt not kill any living thing unless it be germs, mosquitoes and flies, and whatever tends to breed such.
- 3—Thou shalt not allow any piles of ashes or rubbish to collect in the back yard.
- 4—Thou shalt not mix ashes and garbage in the same can. Pigs don't eat coal and clinkers.
- 5—Thou shalt not fill the ash or garbage can too full. Only one Samson was created in this world.
- 6—Thou shalt not chalk, nor bill, the sidewalk, building, fence or tree.
- 7—Thou shalt not permit thyself or another to deface park benches, school furniture, private or public property.
- 8—Thou shalt not tolerate smoke nuisances.
- 9—Thou shalt not suffer anything to be done that will injure Colorado Springs.
- 10—Thou shalt not expect that we can make this city clean and perfect all at once; but it will become an ideal city only when everybody does something every day to help make things better.

The campaign to make Colorado Springs as near as possible a living model of the mythical Spotted Town becomes a reality day after day.
The committee on municipal affairs of the Chamber of Commerce, which is organizing the clean-up campaign, with the powers of dirt is progressing most encouragingly with its plans, and now it is up to a general expression of the citizens through action for a cleaner city.
The benefit is not only to the city as a whole and to the neighbors, but especially to the individual whose premises are made more attractive, which not only assists in a material way but from sanitary and aesthetic standpoints as well.
It is up to the individual property owner or renter to clean up his own premises, and the city will do the rest. Collect your pile of rubbish, and in matter how large or small it is, the city will send wagons to collect it and take it out of sight. Just call Main 310.
And after the property is cleared of rubbish, spend a few moments getting closer to old Mother Nature. Plant a little grass seed, put in some flowers, trim up the unsightly trees and get on the big boring wagon. It will take a little of the office rubbish out of your brain. Mr. Office Man, and will make you feel young and springy, in short, get you ready for the big summer that is opening up.

TOWN OF RAMONA LIKELY TO BE A REALITY SOON

The town of Ramona, which a number of former saloon keepers of Colorado City and other interests have been planning since that city went dry, probably will be a reality within a few weeks. Most of the money has been pledged for the purchase of about 300 acres of land now owned by Ramona addition, four blocks north of Colorado avenue, in Colorado City. These blocks are to be divided into a number of lots, and the owners are to be planning a number of cottages, moving picture houses, etc. The deal probably will be definitely settled within two weeks.

LACK OF TIME DEFERS PAGEANT

HISTORICAL FEATURE AT COLLEGE POSTPONED

Probably Held in 1914. Many Features for Commencement Next Month

The historical pageant that had been planned as an important part of the commencement exercises at Colorado college during the week of June 10, has been abandoned for this year, according to announcement given out at the college. Mrs. William F. Sloan, who was chairman of the affair, said yesterday that the presentation of the pageant this year is not expedient, due to the short time that the committee had to complete all arrangements. The affair will be given at another commencement, however, probably in 1914. The plans for the present included such an elaborate presentation of events of historic interest to the locality as well as the college, that much more time than was available is required to work out the general idea.
However, commencement in June will be one of the most important events in the history of the institution, owing to the fact that President Sloan's twenty-fifth anniversary as head of the college will be celebrated. A number of features not presented previously will be on the program, and an especially strong group of speakers has been chosen, including Dean Briggs of Harvard, Professor Hendrickson of Yale, formerly connected with the Colorado college faculty, and President Foster of Reed college.

DOZIER GETS HIGH SCHOOL CONTRACT; WORK BEGINS TODAY

Joseph Dozier of Colorado Springs was awarded the contract for the construction of the new high school building this night at a meeting of the school board. Dozier's bid was \$28,311. The plumbing contract was not granted, but will be taken up in a few days. There were five general bidders on the work, four being local firms and one from Denver. On the plumbing there were two bids, both from this city. The new building, when completed, will cost in the neighborhood of \$30,000.

Work will start today on the structure and every effort will be made to have it ready for occupancy next fall. With the construction of the new building on ground adjacent to the present high school, Cheyenne avenue, according to the vote at the recent municipal election, will be closed except for pedestrian travel. The new building will be strictly modern in every respect and will contain some new features in educational construction.

AVIATOR WINS RICH PRIZE

PARIS, April 30.—Ernest F. Quilbax, a French aviator, with his aerobics flight on Sunday last, when he traveled from Biarritz, France, to Kehl, Germany, nearly 1,000 miles, won a prize of \$10,000 and the Pommeroy, a single distance cup, which was decreed at sundown tonight.

LEADERS OF IRISH AND LABOR MOVEMENTS PREDICT TROUBLE FOR PEACE DELEGATION

Suffragettes Ask Senators to Ignore English Delegates Coming to Peace Centenary

LONDON, April 30.—The British delegation now on its way to the United States for the celebration of the Anglo-American peace centenary, may encounter some hostile demonstration. Certain leaders of the extreme Irish and labor movements are advising their American friends to express opposition to the British mission. Suffragette leaders are appealing to American women to denounce any friendship between the two countries, until England gives the vote to women.
Opponents of the peace mission predict that its public appearance will provoke outbreaks such as occurred at the peace meeting at Carnegie hall in December, 1911, in support of the ratification of the arbitration treaties pending between the United States, Great Britain and France.
Because Lord Wardale and other members of the delegation are connected with the Carnegie Peace foundation, the Laborites call it "the Carnegie mission."
The English labor unions will hold meetings, as is their custom, in Hyde park tomorrow. Representatives of the German unions will parade with them for the first time, and both English and German speakers intend to denounce "the Carnegie mission." Their ground is that the mission is designed to foster an Anglo-American alliance and alienate American sympathies from Germany, whereas they argue workers of all nationalities should stand together for their own interests.

MODERN STORE BUILDING TO BE ERECTED

C. A. Hibbard & Co. Will Begin Handsome Structure This Summer on Old Site

Cost Is About \$100,000

Steady Growth of Business Requires More and Better Facilities

One of the most important improvements of the year in Colorado Springs will be started this summer by C. A. Hibbard & Co., in the construction of a three-story, modern reinforced concrete and steel building, to cost between \$75,000 and \$100,000, at 17 and 19 South Tejon street, with a frontage of 60 feet along Tejon street and a depth of 120 feet along the side alley. The building will be erected by C. A. Hibbard and his mother, Mrs. Inez Hibbard. The contract is to be let soon and plans for the structure are being completed by Architect T. D. Barber. The construction of the building will not interfere with the business of the company, which will continue without interruption.
An arcade front, which alone will cost \$20,000, and will be one of the finest installed in this section, is to be a feature of the new structure. It will be of the finest plate glass, and the distance from the sidewalk line to the inner entrance of the store will be 22 feet. To provide a convenient entrance for those arriving in automobiles, the arcade will extend across the entire front of the alley on the north side. It will be paved in tile. The plate-glass display windows will be open to view on four sides in front of the arcade next to the sidewalk line. A large double entrance will lead to the interior of the store from the arcade.
The interior will be constructed along lines of convenience and elegance. No point will be overlooked that will contribute to the comfort of the business. Shelving will be abolished, and the table plan for displaying stock will be adopted. The offices will be in a large balcony on the ground floor in the rear. Two passenger elevators and one freight elevator will be installed. The various departments of the company will occupy the upper stories.

Lighting a Feature.
In addition to being one of the finest store buildings in the city, the new structure will be one of the best lighted. There will be plate glass along the entire north wall in the alley and ample window space in the two upper stories. Windows will extend practically the entire length of the basement, which will be above ground line, and will be arranged to open for purposes of ventilation. The building will be equipped with dressing rooms and lavatories for patrons and employees.
The new building will be constructed in sections in order that the business of the company may not be interrupted. The work will begin in the rear. A large basement will extend under the entire building. The heating plant will occupy the rear half of the basement, while the basement (Continued on Page Three)

LEADERS OF IRISH AND LABOR MOVEMENTS PREDICT TROUBLE FOR PEACE DELEGATION

Suffragettes Ask Senators to Ignore English Delegates Coming to Peace Centenary

Benjamin Tillett, secretary of the Dock, Wharf, Riverside and General Workers' union of Great Britain and Ireland, will send a cablegram to Samuel Gompers, president of the American Federation of Labor, asking him to oppose the British delegation.
"General" Mrs. Flora Drummond, one of the leaders of the militant suffragettes, who was arrested today, succeeded tonight in smuggling out of the jail a message which was later mailed to the Women's Suffrage union of New York, was as follows:
"Carnegie's so-called peace delegates are rearing a viper. None of them has raised a voice against the torture of women in English prisons. The very members of parliament among them won their seats on a 'sink the German navy' policy. They all have voted against home rule. Suffragettes, Irishmen and Germans organize a national boycott against these war provocateurs."
Miss Scott-Trow, the San Francisco suffragette, sent a cablegram to Senator O'Gorman at Washington, saying:
"If the senate will investigate Carnegie's peace fund they may find an olive branch wrapped around a sword. We hope that the senate will not attend the functions given in honor of the peace delegates, who dictate to Americans that they must rewrite their history to save English feelings and sully the fair name of George Washington."

is a service in the church year, there

May Day Specials

"Do you remember the joy those
dear little May baskets used to
bring you? How the children
love to find them mysteriously
left at their door!"
We have some very beautiful
tiny baskets, this year for the
young folks; the older ones, too,
would love to be remembered
with one of our dainty baskets
of fruit or candy.
Our tiny "teacup and saucer"
baskets are exquisitely shaped
and will hold just the right
amount of salted nuts or little
candies for one person.
Come in and see how really at-
tractive, how different, our May-
day favors are.

SENT TO PENITENTIARY
FOR BURNING STORE

SOUTH BEND, Ind., April 29.—Ben
Kahn, convicted of burning his store
here, today was sentenced to from 2
to 21 years in the Indiana state prison.
Kahn was admitted to bail pending an
appeal to the supreme court, in bonds
of \$10,000.

Evidence was introduced at Kahn's
trial tending to show the workings of
an alleged prison trust in major cen-
tral west states. It also resulted in
the confession of Ben Rink that he
was the "touch" for the trust. Near-
ly 100 arrests have been made in the
investigation.

**PORTUGUESE SOLDIERS ARE
ARRESTED FOR DISORDERS**

LISBON, Portugal, April 29.—Among
those under arrest here for partici-
pation in anti-governmental disorders on
Sunday are General Fausto Gomes,
Captains Andreia, Fontes and Serejo
and 20 other commissioned officers of
various regiments together with num-
erous non-commissioned officers.
Many of the prisoners have been
placed in cells on board the Portuguese
cruiser Almirante Reis.

Former Springs Pastor Gives Views Dress Modern Women

The views on the dress of modern
women, expressed by the Rev. G. Leo
Patterson, former of this city, and
now secretary for the Florence Crittenton
association, with headquarters
in New York, are given much promi-
nence in the April 22 issue of the New
York World. A photograph of Mr.
Patterson is printed with the article.

Mr. Patterson formerly was pastor
of the Methodist Episcopal church
here, and on his resignation to take
up his present duties, his mother, Mrs.
Minnie Ward Patterson, was called to
fill the pulpit. The interview in the
New York paper, which is signed to
a special writer, follows:

Patterson's Views.
"One of the surest and strongest
safeguards for the girl and woman of
today, is her faculty of self-protection."
In the last analysis she is the
arbiter of her personal appearance.
The modest woman should be
governed by two laws. Her body
should be well covered and her figure
well draped.

The Rev. George Leo Patterson thus
defined the relation between decency
and decorum in a recent lecture for the
Florence Crittenton association, at
which he is national field secretary.
Now the Florence Crittenton mission,
the world and its army of about
5,000, "residents" is probably the most
successful single agency in the work
of helping unfortunate women. Vice
commissions may come and vice com-
missions may go, but the Florence
Crittenton workers have been on the
job for some 20 years and show no
signs of slackening up. These well-
known and experienced, well-
educated and therefore their conclu-
sions have a double value.

Therefore, I thought out the Rev. Mr.
Patterson in the parlor of the local
Florence Crittenton home, No. 245
West Thirteenth street.

Modern Styles Pernicious.
"If a woman follows the fashions of
today, her body will be neither well
covered nor well draped. It will be
"Do you really think this condition of
affairs is responsible for immorality?"
"Modern styles are pernicious," de-
clared Dr. Patterson. "The extremes
to which women have gone are most
unfortunate. And I do not refer merely
to women who are uneducated and un-
refined. I think that many women of
wealth and social position wear and
display their bodies in a way that
permits their daughters to receive con-
tinuous impressions of the most dis-
tasteful and unbecoming of the way
they were dressed."

"I do not study in detail the cos-
tumes of the women I meet, so can't
have out a particular feature for
criticism. But I must confess that I
think the general effect of present-day
fashions is unfortunate and unfortunate
is a conservative word."

Some women workers in the Florence
Crittenton homes, who come into
direct personal contact with hundreds
of unfortunate girls and women and
hear their stories, have told me that
immodest dress is very often respon-
sible for the downfall of the wearer.
"Do you approve of the recent at-
tempt in a western state to enact a
sumptuary law?" I asked. "You re-
member the bill provided that no bod-
ice should be more than two inches
below the collarbone, and that no
skirt should be less than two inches
from the ground?"

Bill Would Be Legal.
"I was very much interested in that
movement," admitted Dr. Patterson.
"And I can tell you one thing. Such
a bill would be perfectly legal. It
would be a good thing to have some-
thing of the kind in our state. It is
under the head of what is known in law
as the 'police power' of the state. This
power may be used for regulating any-
thing which affects public health,
safety or morality. A statute mak-
ing modest dress would be constitu-
tional, in my opinion."

And Dr. Patterson is a graduate of
the Harvard Law school and a mem-
ber of the Massachusetts bar. And
indeed, if the state prescribes the min-
imum wage, why shouldn't it prescribe
the minimum costume?

However, Dr. Patterson is not sure
that a legal campaign is necessary at
present.
"We've got to educate public opinion
to desire and demand suitable femi-
nine dress," he reasoned. "Now, have
you heard what they're doing at a cer-
tain big department store in Colorado?
It seems to me a fine thing, and I have
spoken of it so often. They have a
rule that every girl employee of the
store, no matter what her salary, shall
dress either in all black or in all white,
suits and suits barred. The head of
a department and the little cash girl
must each appear in the same simple,
modest dress. I think this would be

RANKS TO PAY INTEREST ON DEPOSITS

Government Funds Will Draw Two Per Cent After June 1

DEPOSITS TO BE INCREASED

More Government Funds Are Released and Placed in Circulation

WASHINGTON, April 30.—The fiscal system of the United States government deposits of federal funds in national banks was revolutionized today by Secretary McAdoo of the treasury department with an announcement that all government depositories, whether active or inactive, would be required to pay interest at the rate of 2 per cent per annum beginning June 1 upon deposits of the government.

Simultaneously with this action, the secretary authorized an immediate increase of \$10,000,000 in government deposits in the national banks, making the total \$52,649,864, from which the federal treasury will earn under the new interest order \$1,555,000 annually. There are indications that Secretary McAdoo intends to release still more surplus money from the treasury vaults and place it in general circulation through increased deposits with the national banks. In a statement tonight he said:

"With the banks paying interest on government deposits, the secretary may be justified in keeping larger balances in the national banks, thereby increasing the volume of money in circulation, and to that extent reducing the amount locked up in the treasury."

Character of Securities Changed.

Mr. McAdoo also announced a radical change in the character of securities which the treasury department would accept for government deposits. Instead of requiring that the national banks secure treasury deposits exclusively with United States or provincial government bonds, they will be allowed in future to secure 70 per cent with government bonds and the remaining 30 per cent with high-class state city and county bonds, acceptable to the secretary of the treasury to be taken as security at 75 per cent of their market value, but not to exceed par.

This is the first time in history that the treasury department has called upon the banks to pay interest on what are known as active deposits, or accepted, except in periods of financial stress, security other than government bonds. Active depositories are those which conduct a checking account for the government, cashing checks of the disbursing officers and replenishing revenue receipts deposited with them. There are 300 inactive depositories, each holding \$1,000 of government bonds. Upon these deposits, which are not disturbed by checking accounts, the government has drawn 2 per cent interest for the last five years. These are the only government accounts which ever have earned interest.

For years there has been agitation to get out of the treasury the inactive national banks interest on their government deposits. This inactivity has been resisted by previous administrations of the treasury on the theory that the banks with active accounts

NEW CITY OFFICERS ARE SWORN TODAY

McKesson, Eubank and Johnson Succeed Avery, Whitaker and Himebaugh

The change in the city administration of Colorado Springs will be effected this morning at 10 o'clock, when the present council meets for its final session and Mayor-elect C. L. McKesson and the two incoming councilmen, J. Eubank and D. G. Johnson, are formally inducted into office by taking the oath administered by District Judge Little.

The new council will then be called to order by Mayor McKesson, with the two new councilmen occupying the seats filled by J. A. Himebaugh and C. F. Whitaker since the first election under the commission form of government.

Assignments to the various departments probably will be announced by Mayor McKesson, and will be the only business transacted by the new council. It is understood that Commissioner Frost will be reappointed head of the department of public health, and that Commissioner Lawton will remain head of the department of public works and property. It also is thought that Eubank will be placed at the head of the finance department, with Johnson assigned to public safety. Announcement of the appointment of city attorney also probably will be made. Present forces under the hold-over commissioners probably will retain their positions, and few changes are expected in other departments.

WANTS PEACE

Members of the state department in Washington are delighted at the news of the conservative stand taken by Baron Yamamoto, premier of Japan, in regard to the impending controversy between the United States and his country regarding the anti-Japanese legislation now being promoted in California. Baron Yamamoto is greatly displeased at the Jingo demonstrations against the United States that have been held in Tokyo since the alien law bill was introduced in the California legislature.

SENATE WILL ACT ON JAP LAND LAW TODAY

California's Attitude Toward Secretary Bryan May Be Known Tonight

SACRAMENTO, Cal., April 30.—An epoch in the history of the Japanese in the United States will be reached tomorrow morning as the Webb amendment, which was passed by the house of representatives last night, is brought before the senate for consideration. The amendment, which is known as the Webb amendment, is a measure designed to restrict the acquisition of land by Japanese in the United States. It is a measure which has been the subject of much controversy in the past, and its passage by the house last night was a significant event. The senate will act on it today, and the result will be known by tonight.

Webb Bill Is Acceptable. There was wide discussion of the new bill today, although but little criticism was forthcoming from the standpoint of California. In comparison with various drafts that preceded it, the Webb act is said to be more drastic and effective in reaching the Japanese farmers of the state than any other proposed measure and at the same time least objectionable of all from an international point of view.

Senator Thompson declared tonight that the bill provided for the immediate and direct solution of the Japanese problem, and to this extent it is the most rigid and uncompromising measure that has been suggested.

Senator Thompson denied that the wording of the act, or any part of it, can be taken as a concession to the objections of Secretary Bryan, and Governor Johnson stated today that from what he understood of the situation, the measure did not have the approval of President Wilson.

"It is altogether probable that we would have reached this form of bill in any case," said Senator Thompson, "and it cannot fairly be said that the draft prepared by Attorney General Webb reflects any of the sentiments of Mr. Bryan, except his desire that we do not offend anyone, and that of course, has been our guiding principle from the beginning. At no time have we had a wish to offend the people of any nation, and our desire to avoid the words 'ineligible to citizenship' has been quite as strong as that of the federal administration."

Those words are not used in the Webb bill, but I do not hesitate to say that the effect and result is precisely the same as if they were included, and it will be so understood. There was no way to avoid it."

Would End Japanese Colonies. A close study of the Webb bill shows the full extent of the restrictions placed

AUSTRIA MOVING ON MONTENEGRO

100,000 TROOPS START FOR FRONTIER

Hope of Avoiding Another War Lies in Meeting of Ambassadors

ROME, April 30.—It is considered here that the last hope of avoiding the gravest complications in the Balkan situation lies in the meeting of ambassadors in London tomorrow, when the question of united action by the European powers is expected to be decided.

The general feeling in Rome is that Great Britain, France and Russia, not because they desire discord, but because they do not wish to back Austria in immediate action against Montenegro, may postpone the meeting. In such cases, Italy for the protection of her own interests, almost certainly will intervene to ensure order in Albania and enforce there the decisions of Europe.

LONDON, May 1.—One hundred thousand Austrian troops now are moving in the direction of the Montenegrin frontier, according to an Antivari dispatch to the Mail. A large number of Austrian troops also are proceeding to Antivari by sea.

LONDON, April 30.—The Balkan question showed no development here today.

A Constantinople dispatch says that the Porte has ordered Russian troops to disarm and disarm his native troops and send the regulars to Beirut.

Both Austria and Montenegro, according to Vienna advices, are continuing their military preparations. Montenegro has dispatched 5,000 troops drawn from Scutari towards the Austrian frontier and has mounted heavy guns above Cattaro. Great ministerial and diplomatic activity prevails in Vienna.

LONDON, May 1.—A Vienna dispatch to the Times says that in the event of Austria attempting to force Montenegro there is little doubt that she would be supported by Italy, which probably would occupy Santa Quaranta and Avlona, while Austria would proceed against Lovchen mountain and Scutari. In order to avoid needless offending Russia, the eastern gateway to the Balkans would be carried out through Albania, not from Herzegovina.

The Sofia correspondent of the Times learns that the Greek and Servian forces now massed in South Macedonia amount to 220,000. They are confronted by three Bulgarian divisions amounting to 100,000 men. Almost all the remaining Bulgarian forces are still before Bulajir and Tekebalja.

The Balkan government, the dispatch adds, is exhausting every means to arrive at a friendly arrangement with Servia and Greece, but the danger of a conflict is still imminent.

EALES SENT TO PRISON

STOCKTON, Cal., April 30.—Peter Eales, aged 38, former chief of police of Cripple Creek, Colo., ex-sheriff of a Kansas county, and sought by the police of many cities, was sentenced today by Judge Smith of the superior court to two years at Folsom penitentiary for grand larceny. Eales obtained \$200 for a business that did not exist and was accompanied by the money. He is said to have worked the same game in many cities of the west.

Negro Kills Three and Escapes Posse

HAMPTON, S. C., April 30.—Three prominent Hampton county men were killed and several wounded in a pitched battle this afternoon and tonight with Richard H. Austin, a negro, accused of attempting today to assault a white woman at Lenoir, S. C. The dead were T. Frank Bowers, a planter; Dr. S. C. Moore, a local physician, and Magistrate F. H. Edgworth of Allendale, S. C. George Hunn and an unknown man probably were fatally injured. The negro has not been caught.

Austin is alleged to have gone to the home of S. C. citizen of Lenoir and attempted an assault upon a young woman this afternoon. The woman's cries attracted passersby, but the negro escaped. Armed with a shotgun, a bag filled with shells, a large revolver and a belt filled with cartridges, he sought refuge in the woods.

When the pursuers approached the negro in the woods he opened fire. In the first round of shots Bowers was killed, Dr. Moore fatally wounded and Magistrate Edgworth was shot in the back.

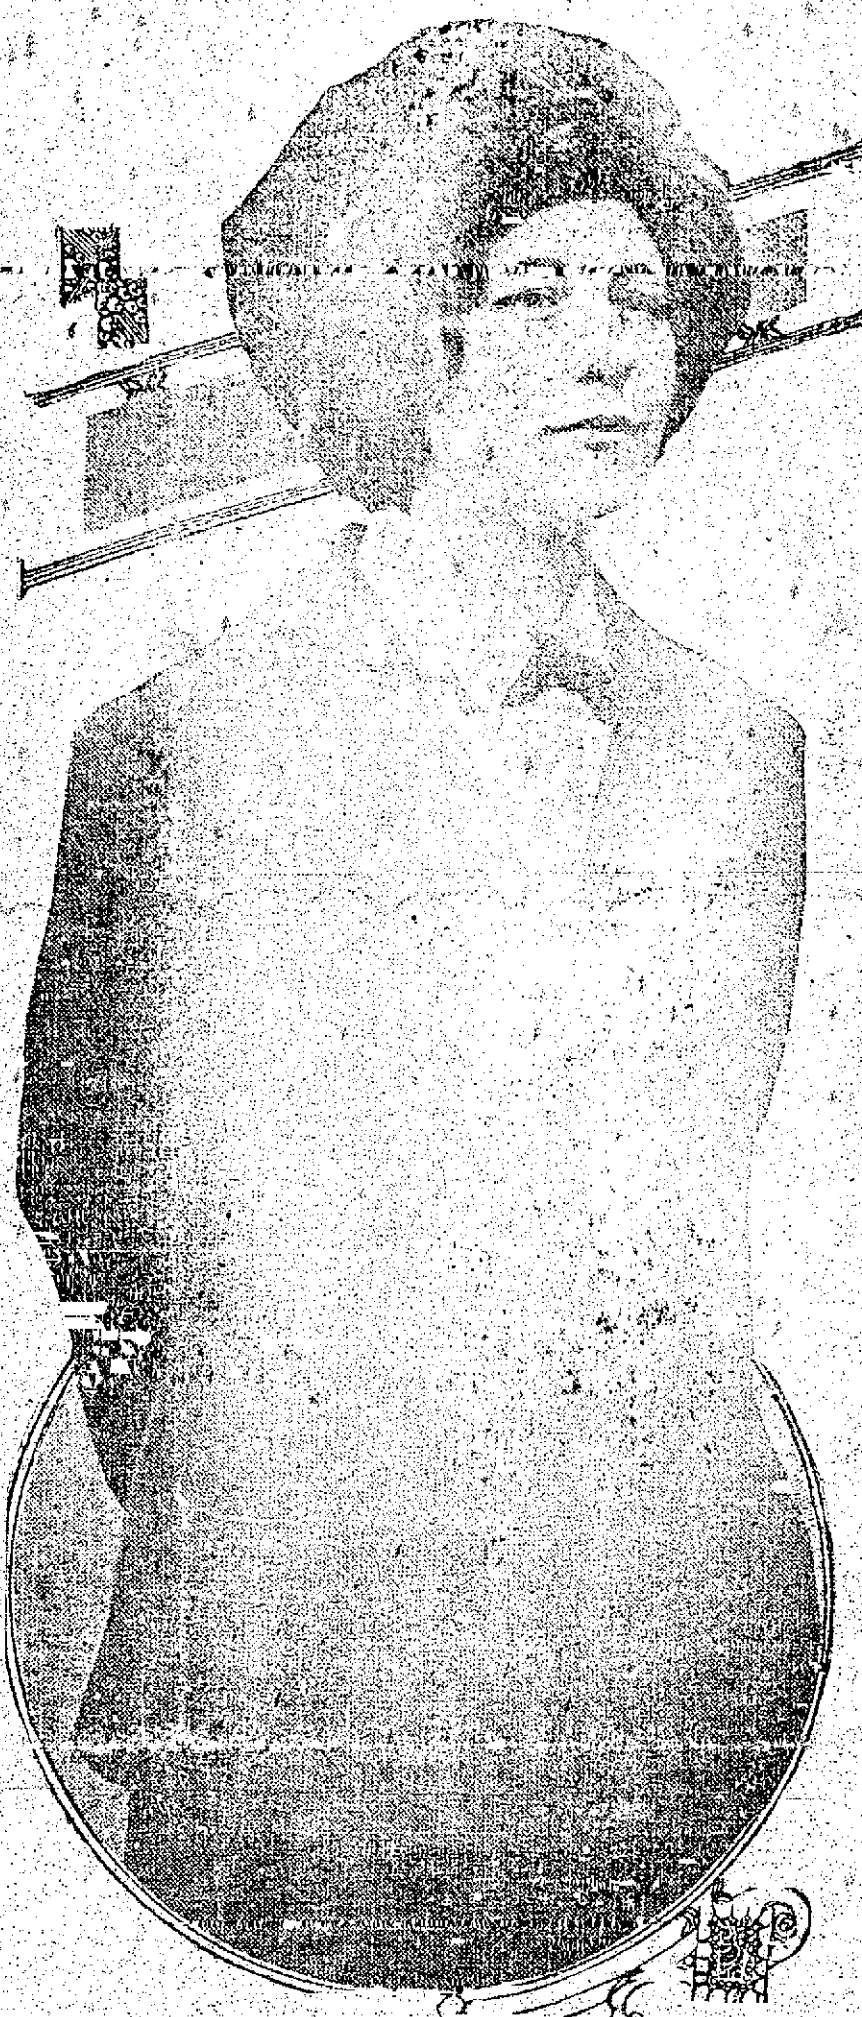

The pursuers retreated a short distance and kept up a scattered fire. Help was summoned from Allendale and Hampton and bloodhounds were ordered.

About 8 o'clock tonight Magistrate P. H. Edgworth of Allendale, who had joined the posse, attempted to lead a dash to the negro's hiding place. He was shot and instantly killed, and an unidentified man with him was probably fatally wounded.

A cordon was drawn around the thicket where the negro was at bay and reinforcements were awaited.

Shortly after 9 o'clock the negro made a dash for liberty. At least 50 shots were exchanged, but he escaped. Bloodhounds are being rushed to the scene from Barnwell, S. C., and from the state penitentiary. Governor Blease also has been requested to send troops, but at a late hour no action had been taken by the governor.

WOULD DYNASTIC PARLIAMENT

Miss Edith McNamara, a determined young English woman, who is in New York to help in the fight for suffrage. She declares that for fellow workers in England will then in the house of commons and lords it necessary to force the government to give them the right to vote.

TEN COMMANDMENTS FOR A CLEANER CITY

- 1.—Thou shalt not tear up and scatter papers nor throw anything on the sidewalk or streets. Find the rubbish can.
- 2.—Thou shalt not kick any living thing unless it be germs, mosquitoes and flies, and whatever tends to breed such.
- 3.—Thou shalt not allow any piles of ashes or rubbish to collect in the back yard.
- 4.—Thou shalt not mix ashes and garbage in the same can. Pigs don't eat coal and clinkers.
- 5.—Thou shalt not fill the ash or garbage can too full. Only one Samson was created in this world.
- 6.—Thou shalt not chalk, nor bill, the sidewalk, building, fence or tree.
- 7.—Thou shalt not permit thyself or another to deface park benches, school furniture, private or public property.
- 8.—Thou shalt not tolerate smoke nuisances.
- 9.—Thou shalt not suffer anything to be done that will injure Colorado Springs.
- 10.—Thou shalt not expect that we can make this city clean and perfect all at once, but it will become an ideal city only when everybody does something every day to help make things better.

The campaign to make Colorado Springs as neat as possible, a living model of the unimproved Spotless Town becomes a reality day after tomorrow. The committee on municipal affairs of the Chamber of Commerce, which is organizing the clean-up campaign with the power of dirt, is progressing most encouragingly with its plans, and now it is up to a general expression of the citizens through action for a cleaner city.

The banner is not only to the city as a whole and to the neighbors, but especially to the individual whose premises are made more attractive, which not only assists in a material way but from sanitary and aesthetic standpoints as well.

After the property is cleared of all rubbish, a fine house getting closer to old Mother Nature Plant in little grass seed, put in some flowers, trim up the unsightly trees and get on the big spring wagon. It will take a little of the office mustiness out of your brain. Mr. Office Man and will make you feel young and spry, in short, get you ready for the big summer that is opening up.

TOWN OF RAMONA LIKELY TO BE A REALITY SOON

The town of Ramona, which a number of former saloon keepers of Colorado City and other interests have been planning since that city went dry, probably will be a reality within a few weeks. Most of the money has been pledged for the purchase of about 200 acres of land now occupied by Ramona addition, four blocks north of Colorado Springs, in Colorado City. Those behind the move are said to be planning a number of saloons, moving picture houses, etc. The deal probably will be definitely settled within two weeks.

LACK OF TIME DEFERS PAGEANT HISTORICAL FEATURE AT COLLEGE POSTPONED

Probably Held in 1914. Many Features for Commencement Next Month

The historical pageant that had been planned as an important part of the commencement exercises at Colorado college during the week of June 10, has been abandoned for this year, according to announcement given out at the college. Mrs. William F. Shuman, who was chairman of the committee in charge of the affair, said yesterday that the presentation of the pageant this year is not expected, due to the short time the committee had to complete all arrangements. The affair will be given at another commencement, however, probably in 1914. The plans for the pageant included such an elaborate presentation of events of historic interest to the locality as well as to the college, that much more time than was available is required to work out the general plan.

However, commencement in June will be one of the most important events in the history of the institution, owing to the fact that President Shuman's twenty-fifth anniversary as head of the college will be celebrated. A number of features not presented previously will be on the program, and an especially strong group of speakers has been obtained, including Dean Briggs of Harvard, Professor Hendrickson of Yale, formerly connected with the Colorado college faculty, and President Foster of Reed college.

DOZIER GETS HIGH SCHOOL CONTRACT; WORK BEGINS TODAY

Joseph Dozier of Colorado Springs was awarded the contract for the construction of the new high school building last night at a meeting of the school board. Dozier's bid was \$86,511. The planning contract was not granted, but will be taken up in a few days. There were five general bidders on the work, four being local firms and one from Denver. On the planning there were two bids, both from this city. The new building, when completed, will cost in the neighborhood of \$60,000.

Work will start today on the structure and every effort will be made to have it ready for occupancy next fall. With the construction of the new building, on ground adjacent to the present high school, Cheyenne avenue, according to the vote at the recent municipal election, will be closed except for pedestrian travel. The new building will be strictly modern in every respect and will contain some new features in educational construction.

AVIATOR WINS RICH PRIZE

PARIS, April 30.—Ernest F. Quilley, a French aviator, with his aeroplane, flight on Sunday last, when he traveled from Biarritz, France, to Kolonia, Holland, nearly 2,000 miles, won a prize of \$10,000 and the Pommeroy, of which distance can which was decided at sundown tonight.

LEADERS OF IRISH AND LABOR MOVEMENTS PREDICT TROUBLE FOR PEACE DELEGATION

Suffragettes Ask Senators to Ignore English Delegates Coming to Peace Centenary

LONDON, April 30.—The British delegation now on its way to the United States for the celebration of the Anglo-American peace centenary, may encounter some hostile demonstration. Certain leaders of the extreme Irish and labor movements are advising their American friends to express opposition to the British mission. Suffragette leaders are appealing to Americans to denounce any friendliness between the two countries, until England gives the vote to women.

Opponents of the peace mission predict that any public appearance will provoke outbreaks such as occurred at the peace meeting at Carnegie hall in December, 1911, in support of the ratification of the arbitration treaties pending between the United States, Great Britain and France.

Because Lord Worsdale and other members of the delegation are connected with the Carnegie Peace foundation, the Laborites call it "the Carnegie mission."

The English labor unions will hold meetings, as is their custom, in Hyde park tomorrow. Representatives of the German unions will parade with them for the first time, and both English and German speakers intend to denounce "the Carnegie mission." Their ground is that the mission is designed to foster an Anglo-American alliance from Germany, whereas they argue that workers of all nationalities should stand together for their own interests.

Benjamin Tillet, secretary of the Dock, Wharf, Riverside and General Workers union of Great Britain and Ireland, will send a cablegram to Samuel Gompers, president of the American Federation of Labor, asking him to oppose the British delegation.

"General" Mrs. Flora Drummond, one of the leaders of the militant suffragettes, who was arrested today, succeeded tonight in smuggling out of the jail a message which was later cabled to the Women's Suffrage union of New York, as follows:

"Carnegie's so-called peace delegates are treating your shares. None of them has raised a voice against the torture of women in English prisons. The very members of parliament among them were their seats on a sink the German navy policy. They all have voted against home rule. Suffragettes, Irishmen and Germans organize a national boycott against these war profiteers."

Miss Scott-Town, the San Francisco suffragette, sent a cablegram to Senator O'Gorman at Washington, saying:

"If the senate will investigate Carnegie's peace fund they may find an active branch wrapped around a sword. We hope that the senate will not attend the functions given in honor of the peace delegates who dictate to Americans that they must rewrite their history to save English politics and sell the fair name of George Washington."

A Watch for 12.50

Either a ladies' or gentlemen's Watch in Elgin or Waltham movements. Good timekeepers and unusually low priced.

The Johnson Jewelry Co.

WILSON DEVOTES DAY TO DISCUSSING APPOINTEES

WASHINGTON, April 30.—President Wilson today put in one of the hardest days of work since he has been at the White House.

Senator Pinckney of Washington had the most extended conference. Many names of prospective appointees were submitted to the senator by the president. Although the senator is a progressive Republican, his judgment is acceptable.

Senator Cummings of Iowa, was consulted about the prospective appointment of Louis Murphy of Dubuque, Iowa, as collector of internal revenue for the northern district of that state. While Senators La Follette and Stephenson of Wisconsin, were asked if they had any objection to the appointment of Joseph E. Davies of Madison, Wis., secretary of the Democratic national committee, as commissioner of corporations. No objection was recorded.

The president made the usual display of "cranks" of Senators Oliver and Penrose of Pennsylvania, concerning the nominations, expected to go to the senate tomorrow of George W. Guthrie as ambassador to Japan, Mr. Guthrie was once mayor of Pittsburgh, and is the Democratic state chairman of Pennsylvania.

A large list of postmasters is to be sent to the senate tomorrow.

The president talked with Secretary McAdoo about the collectorship of New York, but no nomination came to whether Frank K. Polk, Mr. McAdoo's candidate, had been withdrawn.

The president declined by telegram to attend the St. Louis peace congress.

POPE'S CONDITION SHOWS CONTINUED IMPROVEMENT

ROME, April 30.—The pope sat today in an arm chair at his desk in the large library of the state department. This was the first time since his recent illness that the pontiff has been able to leave his apartment for the floor below. In the last week he has gained much in strength, and the removal of the restrictions placed upon him by his physicians has cheered him greatly.

OBSERVED ANNIVERSARY OF FIRST PRESIDENT

WASHINGTON, April 30.—The one hundred and twenty-fourth anniversary of the first inauguration of George Washington as president of the United States was observed today by the Washington National Monument society. A report was made that seven states—Idaho, Washington, Arizona, New Mexico, Oklahoma, Texas and Colorado—had not yet placed stones in the Washington monument.

But the governors of most of them had given assurance that their states would act soon. Native stone, carved with the state's coat of arms, is to be provided.

The oldest submarine cable in operation in North America is between Prince Edward Island and the Dominion of Canada. It was laid in 1858.

TWO BURNED TO DEATH IN LODGING HOUSE FIRE

KANSAS CITY, April 30.—Twenty-three men were trapped in a fire here this afternoon that destroyed the Helping Hand annex, a mission lodging house, occupying an old four-story building. Two are known to be dead. Five others are missing and their bodies are believed to be buried in the debris.

The dead: FRED WATKINS, 38 years old, body not recovered. JOSEPH SANDERS, 55 years old, died from burns after being taken to the hospital.

Twenty of the men employed about the place at night were asleep on the third and fourth floors when the fire broke out. To Peter Klink, a one-armed inmate, is due credit for having saved the lives of several of the lodgers. He dragged a half dozen of the sleepers from their rooms and aroused others barely in time to allow them to escape.

A cigarette dropped from a window in the rear of the building on a straw pile is believed to have started the fire.

NO COMPLAINT IF JAPS GRAB US, SAY FILIPINOS

VANCOUVER, B. C., April 30.—"Japan could grab us easily and we could not complain," was the statement of the leader of a party of Filipinos, who are in the city on their way east and on to Europe via the Canadian route, when asked what would happen in the event of hostilities between Japan and the United States over the anti-Asiatic legislation of California.

Their names are Antonio Penolo, Trinitario, Espinosa, Muzoz Perlo and Brando. Penomilla, and they are what is known as student merchants, namely sons of traders who are traveling to obtain pointers for business under the guise of education.

"Tat" was a big man, who understood us, but he was only one and there are many Americans. If we had to deal with Tat, we might have said in America, but the sort we meet in business are 'too cute'—is it you say—when they are trading with us. We seem content under American rule but we are like other people we want freedom and we want to govern ourselves. We are promised that that will come, but promises take time to fill."

The sympathy of the visitors was with Japan in the demand that there should be no discrimination against the people. The spokesman of the party said that while the Americans had a big army in the Philippines, it would not be of much use against the Japanese, for the reason that there are many Japanese amongst us, who have made friends with the Filipinos and who would soon find means to create an anti-American sentiment in the island.

"Japanese are our friends. We could not fight against them," was the way in which he summed up the situation in event of war.

FEDERALS MOBILIZED AT CHIHUAHUA CITY OWN WAY WITH BILL

Troops Hurrying to Defense of State Capital Now Threatened by Rebels

EL PASO, Tex., April 30.—Federal forces are to evacuate Juarez, opposite this point, most important port of entry on the border, and terminus of the Mexican Central railway. Orders to hasten to Chihuahua City, the state capital, were received late today by Colonel Juan N. Vasquez, the Juarez garrison commander.

The projected movement is in keeping with the general order, issued some days ago that all federal forces in the state mobilize at Chihuahua City, threatened by attack from the south. Already the constitutionalists are pressing close to Juarez from the territory along the Rio Grande to the east.

The movement to the state capital will be hastened by today's desertions from the Juarez garrison to the insurgents. Empty military trains arrived today at Juarez from Chihuahua City to convey the border town's garrison of 500 men to the state capital.

The federalists at Parral, the American mining center southwest of Chihuahua City, also were ordered to move to the state capital, but have been unable to do so owing to the almost complete destruction of the railways.

For some days General Antonio Rabago, military governor of the state and commander of the northern military zone, has been accumulating food and ammunition supplies at the state capital, preparatory to the general mobilization.

MORE GRAFT CHARGES IN N. Y. POLICE SYSTEM

NEW YORK, April 30.—Driven to the expedient by graft disclosures that threatened to lead to grand jury action, prominent figures in the police "system" prepared to raise two bribe funds, one to keep a policeman under arrest for "mischief," and the other to pay a disorderly resort keeper not to testify. This was in effect former Police Captain Thomas W. Walsh's testimony today against Thompson, Hussey, Murtha and Sweeney, four former inspectors on trial on charges of conspiracy to obstruct justice.

The first of the funds was \$15,000. Walsh said on the stand. Eugene Fox, a patrolman, had been arrested as a graft collector. There were rumors that he would confess which he did subsequently. Walsh and Sweeney decided, the former testified, that Fox's bail must be furnished and his family cared for if he was convicted and "took his medicine" without telling what he knew of grafting. Walsh said he paid his share to Sweeney, who told him that the other inspectors and himself would supply the rest. Fox's confession put an end to this fund-raising. The other fund was smaller and was actually raised, as Walsh testified, to pay George A. Sipp, a hotel keeper, not to appear before the grand jury to tell how he bought police protection.

Testimony as to graft, Walsh swore he collected tribute for a number of years, instructed by the defendants, from Sipp and other resort owners. He split the money with them, he said, retaining 40 per cent for himself and giving a similar share to the other fund-raiser. The charge of the graft, the remainder being kept by the patrolman who did the actual grafting.

Walsh said that the graft collections from protected saloons and dance halls in his precinct averaged \$400 a month.

COST OF LIVING TAKES UPWARD JUMP IN 1912

WASHINGTON, April 30.—In the latter part of 1912 the cost of living in the United States was higher than at any other time for 23 years. The bureau of labor statistics has issued a report on retail prices from 1890 to 1912. The lowest cost was reached in 1890, the year of the depression and in the United States as a whole was in 1896.

The approximate cost of a year's food supply for a workingman's family, at average prices of each year, by geographical divisions for 1890, 1896 (the low year) and 1912 was:

Divisions	1890	1896	1912
Northeast	\$312	\$250	\$490
North Atlantic	274	255	417
North Central	288	248	404
South Central	268	255	441
Western	309	277	429

SALT LAKE'S ENTIRE FIRE DEPARTMENT QUILTS WORK

SALT LAKE CITY, April 30.—Every active member of the Salt Lake City fire department, with the exception of Chief W. B. Bywater, resigned today because of the refusal of the city commission to grant their demands for increased wages. The resignations will become effective Monday, May 5.

The decision of the firemen to resign their positions was reached today after the city commission, by a vote of three to two, and refused to grant them an increase in wages ranging from \$3 to \$15 a month. Assistant Chief James Paul said tonight that every one of the eighty-one men in the department would quit work Sunday night unless the city commission met their demands. Many of the men have been in the department for more than 20 years and a majority of them have had over five years' service.

TO RESTORE FAMOUS ALAMO

AUSTIN, Tex., April 30.—Permission to restore ruined portions of the famous Alamo at San Antonio, was granted the governor of Texas today by the state supreme court. The restoration plans had been blocked by an injunction obtained by the Daughters of the Republic who contended that, as custodians of the Alamo, they had exclusive right to make any changes. The court dissolved this injunction.

DEMOCRATS TO HAVE OWN WAY WITH BILL

House May Finish Its Fight by Saturday and Send Schedule to Senate

WASHINGTON, April 30.—"I think we'll finish with the tariff bill in the house by Saturday night," said Democratic Leader Underwood, tonight, after an all-day debate on the iron and steel schedule.

The metal schedule is only the third of the 14 schedules which are followed by the free list, the technicalities of the administrative procedure and the improving tariff plan, and many of the members of the house are prepared to see the debate stretch into next week. Representative Gardner of Massachusetts, one of the Republican members of the ways and means committee, figured on passage of the measure about next Tuesday night. But Mr. Underwood, smiling and confident, said nothing to disturb the plan for shifting the scene of the tariff fight to the senate with the opening of next week.

The Democratic leader does not believe a special rule will be necessary to put the bill through. The plan is to have the measure adopted within an hour after the reading for amendments has been completed.

Amendments Bowled Over. All day and again tonight the Democrats, with their overwhelming majority, bowled over all amendments proposed by the Republicans and Progressives. The ways and means committee, however, had ready and carried a number of its own amendments, all of a minor character and designed to perfect the classifications.

The particular target of attack, and Representative Gardner of Pennsylvania, in charge of that schedule for the ways and means committee, was frequently reminded from the Republican side of the fact that the Bethlehem Steel company was in his district. Representative Mann of Illinois, the Republican leader, and others charged that the duty on ferro manganese was distinctly in the interest of the United States Steel corporation, with its numerous subsidiary plants, and that the enhancement of the value of ferro manganese in this country under the proposed advance in rate, should be sufficient to warrant the Pennsylvania member's indefinite continuance in congress.

Wants Agony Ended Quickly. Mr. Mann declared, however, that while he thought the pending bill would be very injurious to the country, he did not believe in "prolonging agony," unnecessarily, and suggested that "as we are to have the passage in the present form, the sooner the better."

Personalities were indulged in several times, particularly in the discussion of the United States Steel corporation holdings in the Minnesota mines, when Representatives Stauber of Kentucky and Miller of Minnesota engaged in a bitter exchange. Representative Underwood also replied vigorously to statements by Mr. Stauber concerning Alabama iron and steel companies.

Representative Austin of Tennessee (Republican) said Charles M. Schwab had succeeded in getting free iron ore after trying unsuccessfully to get it from Republican ways and means committee.

When Representative A. F. Kreider, a new Republican member from Pennsylvania, offered an amendment of night to put on hooks and eyes used in shoe manufacture on the free list, he aroused criticism from Representative A. Mitchell Palmer, who declared Mr. Kreider was a "shoe manufacturer, the president of the American Shoe Manufacturers association, whose amendment will put money into his own pocket."

Minority Leader Mann replied that if members were to be thus criticized congressmen from the farms would be prohibited from discussing rates on the agricultural schedule. Mr. Mann also referred to the fact that Majority Leader Underwood, author of the tariff bill, was engaged in the iron and steel business. He said Mr. Underwood need not apologize to the house for that, nor to explain it; that he sought to enter dollars from the pockets of the masses into their own, that they might grow rich.

The committee completed consideration of the metal schedule after many amendments had been offered and rejected. Representative Austin of Tennessee, failed in an effort to restore the Payne rate on aluminum, 7 cents a pound. He argued that the Underwood rate of 25 per cent would deprive American labor of more than \$1,000,000 a year.

NEW ORLEANS, April 30.—The cotton schedule of the Democratic tariff revision bill will result in heavy financial losses to cotton planters and cotton manufacturers, according to statements of representatives of those interests today at a special hearing here by a committee representing the National Farmers union.

The committee telegraphed senators from the southern states to refrain from pledging their support to the Underwood bill until the testimony which it is getting can be presented to the senate. The committee is composed of officers of the farmers union of Alabama, Georgia, Mississippi, Louisiana, Texas, Arkansas and Oklahoma.

Underwood Says He's Not Selfish

"If I could not represent my constituency and at the same time the people of the United States without involving myself as a special pleader for interests in my district, I would be unworthy of my position in this house. I contend that when representatives of the people stand in this house exercising the power to tax people of this country, that it is at least unbecoming for them to display a selfish interest in these matters. The time has passed when the laws of this country will be written for special interests when men can come and ask for legislation to enter dollars from the pockets of the masses into their own, that they might grow rich."

The committee completed consideration of the metal schedule after many amendments had been offered and rejected. Representative Austin of Tennessee, failed in an effort to restore the Payne rate on aluminum, 7 cents a pound. He argued that the Underwood rate of 25 per cent would deprive American labor of more than \$1,000,000 a year.

WAR IS DECLARED ON SUFFRAGETTES

Police Raid Headquarters and Prominent Workers Are Under Arrest

LONDON, April 30.—The British home office today inaugurated its active campaign to put an end to suffragette militancy. The headquarters of the Women's Social and Political Union, where many outrages are said to have been planned, was occupied by the police and all the active leaders taken into custody. Even General Flora Drummond and Miss Annie Kenney, who were out on bail, were arrested on a fresh charge of conspiring with the members of the Pankhurst family to commit damage.

Over 100 policemen and detectives from Scotland Yard were engaged in the capture of militant officers. They had scarcely taken possession of the place, when General Drummond, apparently ignorant of what had happened, arrived and was admitted, not realizing that she had voluntarily entered the lion's den and she found herself under arrest and on the way to the Bow Street police station, where she met Miss Annie Kenney and five other active officials of the society.

Charged With Conspiracy. Archibald Bodkin, counsel for the treasury, prosecuted on behalf of the government. He said the proceedings involved a charge of conspiracy and had been taken with a view to bringing to an end "a state of affairs which has become dangerous to the civilized portion of the community in the British Isles." The Women's Social and Political Union, he continued, of which the defendants were ring leaders, had been responsible for an enormous amount of crime and vast inconvenience to the public.

Mr. Bodkin intimated that still more serious charges might be brought against the prisoners when the police had completed their investigation into the "heinous practices" of the organization. He then warned aiders and abettors of the society, as well as its contributors among whom were many American women.

"I desire to give fair public warning," he said, "that if any person makes a speech in encouragement of this practice, proceedings will be taken against the speaker. If any printer, printer or publishes literature originating from the Women's Social and Political Union, he may find himself in a very awkward position. If those who have money cannot find a better use for it than giving it to this organization for the commission of crime, they will be prosecuted."

Women Editors Arrested. There will be no issue of the official newspaper of the militant suffragettes tomorrow. Not content with arresting the two women editors, the police today raided the printing office and carried off all the type set.

Government officials charge that the victimized Indians were induced to make wills bequeathing their lands to persons who agreed to pay them a certain amount of money every month as long as the Indians lived. It is said that many of the Indians died within three months after making such contracts.

POLICE CALLED OUT TO DISPERSE JOB HUNTERS

WASHINGTON, April 30.—Hungry job hunters among them many who despair of gaining the official recognition through official influence, gathered in such numbers tonight in the vicinity of the civil service commission headquarters that the police reserves were called out. The commission's doors open at 9 o'clock in the morning for filing applications for minor positions.

To prevent a cow switching her tail in the face of a person milking her, a Maine man has patented a chain and hook to hold her tail against one leg.

Addressed to Women

Dr. Pierce's Favorite Prescription

is recommended as a powerful, invigorating tonic, imparting strength to the whole system and to the organs distinctly feminine. For overworked housewives and business women it is a blessing. It induces calm, refreshing sleep, and banishes mental worry and despondency.

This tonic, in liquid form, was devised over 40 years ago for the womanly system, by R. V. Pierce, M. D., and has benefited many thousand women. Now it can also be obtained in tablet form from dealers in medicine, or send 50 one-cent stamps for trial box.

Every woman ought to possess Dr. Pierce's great book, the People's Common Sense Medical Adviser, a magnificent thousand-page illustrated volume. It teaches mothers how to care for their children and themselves. It is the best doctor to have in the house in case of emergency. Over half a million copies were sold at \$1.50 each, but one free copy in cloth covers will be sent on receipt of 31 one-cent stamps to pay the cost of wrapping and mailing only.

Address Dr. R. V. Pierce's Invalids Hotel, Buffalo, New York

Studebaker

"Yes Sir! Studebaker wagons are made to back up a reputation."

"I know, because wagons of every make come into my shop for repairs, and I have a chance to see how few are Studebakers."

That's the opinion of thousands of blacksmiths who know the quality of Studebaker wagons.

The owners never regretted that they bought Studebakers.

Tested materials, accurate workmanship insure a wagon unequalled for durability, and this careful selection of wood, iron, steel, paint and varnish has been a fixed rule with the Studebaker Company for sixty years. That is why a Studebaker wagon runs easiest and lasts longest. It is built on honor.

Whether you live in town or country, there is a Studebaker vehicle to fill your requirements for business or pleasure—and harness of every description made as carefully as are Studebaker vehicles.

See our Dealer or write us.

MILLIONAIRE RING TO BE INDICTED IN VICE PROBE

LOS ANGELES, April 30.—Indictments against several members of the "millionaire ring" alleged to have maintained the Jonquil, a lodging house as a place where young women were lured into white slavery, are expected tomorrow, according to W. J. Ford, associate district attorney

Mrs. Elizabeth B. Espey charged with having contributed to the dependency of Mrs. Irene Brown, aged 17, one of the girls said to have frequented the Jonquil, was held for trial today by the juvenile court. A charge against W. H. Wood of having contributed to the girl's dependency was dismissed

Thousands More Civil Service Appointments

The establishment of the Parcel Post has greatly increased the work at the Postal Department. Thousands of additional Civil Service appointments will be necessary

The opportunities for positions in the Civil Service were never better. Civil Service positions are desirable because the hours for work are not too long, salaries are good and certain and promotions are frequent

The greater number of appointments will be made in the Post-Office Service, paying from \$600 to \$1,700 and more per year, the R. F. D. Service, paying \$1,100 per annum to standard routes, and the Railway Mail Service, paying from \$900 to \$1,800 per year

Any American over 18 years of age who passes the U. S. Civil Service examination is eligible to one of these positions. The U. S. Civil Service Course instructs you how to meet the requirements of the Civil Service examination in any branch of the Government work

Mark and mail the coupon below and we will send you a booklet giving names of U. S. students who are now holding Civil Service Positions at good pay. We will also tell you how you can enter this profitable field of employment

ANTIALIEN AGITATION IN SEVERAL STATES

Movement Is Taken Up Along Coast and in Alaska. Washington Waiting

WASHINGTON, April 30.—Inquiry at the White House today as to what might be President Wilson's attitude toward the Webb bill with its restrictive clause permitting "any alien eligible to citizenship" to acquire land in California on which California legislative leaders now are said to be active, brought the information that the president deemed it prudent not to discuss at this time the negotiations toward an adjustment of the controversy. "The president let it be known that the entire subject was in a delicate position and that it was necessary further to study the proposals of the California legislative leaders before the position of the national government could be announced. It is believed that the Japanese ambassador will be sounded as to the probable reception of the Webb bill in Japan and the local officers of the state department may render an opinion as to whether the language now employed could be construed as a discrimination or in conflict of treaty obligations

Bryan's Mission Not Completed

There is no disposition at the White House to regard Secretary Bryan's mission as having been completed. Mr. Bryan probably will stay on the ground until the whole matter definitely is cleared up

Officials here commented today on the apparent fact that antialien agitation, suddenly brought into prominence through the proceedings of the California legislature, is not confined to California, but extends over the whole Pacific coast and Rocky Mountain section, even as far north as Alaska. It was also pointed out that recent conferences of southern senators in congress indicated that the sympathies of that section were strongly with the Californians in this issue. It was regarded as probable that the president, immediately upon the return of Secretary Bryan, will begin consideration of a general policy for the treatment of the important question of the extent to which the national government should go towards enforcing the treaty rights of aliens within the states. The negotiations with the Japanese government which are expected to follow the action in California probably will be the means of developing this policy

May Negotiate New Treaty

The president may deem it advisable to undertake the negotiation of a new treaty of trade and commerce with Japan, and though it is realized that agreement on such a convention satisfactory to Japanese pride yet permanently guarding against a Japanese invasion, would be fraught with great difficulty, some of the officials are inclined to the belief that the thing can be done. Meanwhile, beyond speculating upon possibilities of developments in Sacramento, and perhaps quietly admonishing the territorial authorities of Alaska to abstain from any such action in the direction of discriminating against Japanese fishermen as would add to its difficulty, there is little that can be done in Washington until Secretary Bryan returns to the capital

SENATE WILL ACT

(Continued From Page One.)

upon aliens who are not permitted to become citizens, although the limitations are precisely those imposed in the existing treaties between us and Japan, China and other nations whose subjects are ineligible. In the case of the Japanese they are prohibited entirely from acquiring or holding land for farming or agricultural purposes and it is declared that the passage of the act will put an end not only to the growth of Japanese farming colonies but eventually to the colonies themselves. This purpose of the act is effected in two ways

First—On the death of an alien land owner, the bill provides that his ownership ceases and that the property must be taken over by the probate court and sold to the highest bidder. Under its terms an alien cannot bequeath real property except to a citizen. The proceeds from the sale of such land are distributed to the heirs by the court

Second—No leases whatsoever are permitted. Originally it was planned to permit leases covering a maximum

of 20 years. The state of Florida is nearer the sea level than any other state in the Union. Its greatest elevation is but 301 feet

Secy. Bryan to See Japanese Colonies

SACRAMENTO, Cal., April 30.—Secretary of State Bryan who came all the way from Washington to attend the passage of an alien land law by the California legislature, has read and listened to many arguments since he came to Sacramento but the best argument of all in the belief of Governor Johnson, is yet to be presented. Tomorrow morning the secretary will be taken for a spin in the governor's automobile to the towns of Pluma and Walnut Grove, where the vast extent of the capital when the type of colonies of Japanese farmers have been started. Governor Johnson and Assemblyman Bradford will represent that district will receive from him. They will point out the following concrete facts for his observation. There are more than 5,000 Japanese subjects in Sacramento valley according to the "Assemblyman" Bradford's computation from the 1910 census. In the Pluma colony, where scores of big farms are owned and hundreds of acres are leased. There are 42 Japanese children out of a total enrollment of 57 pupils in the Pluma public schools. In Walnut Grove, Pluma and Sierra neighboring towns in the same community the number of Japanese children in the public schools ranges from 40 to 50 per cent. Governor Johnson said tonight he was pleased that Secretary Bryan had accepted the invitation to see for himself California's best argument for an antialien law

period of three to five years but the Webb act does this opportunity for colonization by alien and provides that any lease of agricultural lands is subject to escheat to the state on the day it is begun. To make this more effective, the bill provides that when suit is begun to escheat such lease the court shall appraise the lease and pay the value of the lease into the state. The remainder of the proceeds shall go to the citizen owner of the land

It is held that this section of the act will be absolutely prohibitory upon all leases of agricultural lands whether for gardening purposes or otherwise. According to Senator Thompson, who has made a study of the bill the theory is as follows

May Employ Alien Labor

Only citizens and those eligible to become citizens may be proprietors of land. They may employ Japanese and Chinese but they cannot lease or otherwise give such lands an interest or share in their proprietorship. Such land as is now held by Japanese and Chinese cannot be bequeathed to their alien heirs. It must be sold. The practical result of the bill, said Senator Thompson, will be that all further acquisitions will be prevented, and at the end of the present generation most of the land now held by Japanese and Chinese will be owned by citizens. Governor Johnson gave out a brief statement tonight in which he commented on the question that has been raised as to the possible eligibility of the Japanese to citizenship in the United States. "Substantially it is true that the ineligibility to citizenship of the Japanese and Chinese is the keynote of the Webb bill, he said, and it is determined by the courts of last resort that these aliens could become citizens, then, of course they would not be affected by this act. However, up to this time, it never has been suggested that the Japanese were eligible to citizenship and the language of the federal statutes seems very clear on this point. "I wish to make it plain, especially to the people in the east, that the terms of the Webb bill are general in character. They do not single out the Japanese or any other nation but relate to the races not naming them, that are made by the laws of the United States not eligible to citizenship

MODERN STORE

(Continued From Page One.)

proper will extend under the full width of the sidewalk. The new building will be one of the finest of the kind erected in the west in design and equipment. Its construction has been necessitated by the steady growth of the business of the Hubbard company. Mr. Hubbard came to Colorado Springs in 1893 from Elmira, N. Y. He started business in the store room later occupied by the Ashby Jewels company, in the first National bank building. He moved two years ago to 14 South Tenth street. The property at 17 South Tenth street was purchased by Mr. Hubbard about four years ago from J. P. Barnes, who conducted a hardware business there for years. This building was once occupied by former Governor Alva Adams of Pueblo with a hardware store and is one of the landmarks of the city. It was built in the early '90s. In remodeling the building he now occupies, Mr. Hubbard has spent about \$20,000.

Two Promising Musicians Are Heard in Recital

The ballroom at the Acacia hotel was filled yesterday afternoon with the friends of Miss Daisy Thompson, piano pupil of Mrs. Frederick A. Faust and Miss Mabel Harlan, violin pupil of Mrs. George M. Howe, who were eager to hear them in the interesting program they had planned. The audience knew it was to have a treat, but the performance of the two young musicians was a surprise even to the most optimistic Colorado Springs numbers. Many ambitious young people will be known in musical circles in the future, and it is safe to predict that Miss Thompson and Miss Harlan may be numbered among them.

The first number of the program was an ensemble number four movements from Beethoven's Sonata in F and each player interpreted her part sympathetically and with great technical skill, the number being one of the favorites of the afternoon. Miss Thompson played two groups of varied selections, Schumann's "Grillen," Chopin's "Impromptu" in A flat and Wagner-Liszt's "Difficult." Spinnlich, Sone and D. Albert's Gavotte in D minor, Moszkowski's "Melodie" in G and MacDowell's "Polonaise" in E minor. She was so enthusiastically enjoyed that she was forced to play again.

Miss Harlan is one of the most talented of the young artists of the city, as her work yesterday showed conclusively. She has worked hard at her violin lessons this winter and she has also kept up the work of the junior class in Colorado college winning splendid marks in the classroom. She will be graduated from both the college and the school of music next year, and then she is to go to Europe for study on the violin.

Added to her great natural ability she has shown herself capable of hard study and her friends and musical people generally predict for her a decided success. She played yesterday the Andante Allegro and the Adagio Allegretto of Handel and Schubert, Wilhelm's "Am Meer" Schubert, Auer's "Moment Musical No. 3" Saint Saens' beautiful "Le Cygne" and the interesting little "L'Abellie" of Franck. Schubert. She also was forced to play again before the audience was satisfied.

After the program congratulations were freely offered to the two young women and to Mrs. Faust and Mrs. Howe and then tea was served. Mrs. M. E. Wolfe aunt of Miss Harlan, and Mrs. John Lennox poured and a number of the young friends of the players assisted in serving.

Aitken-Kinsey A pretty spring wedding was that of Miss Jeanette Lyall Aitken daughter of Mr. and Mrs. R. P. Aitken to Mr. Robert Hill Kinsey Jr. which was solemnized at 8:30 o'clock last night at the home of the bride's parents, 11 East Klona street.

The ceremony was performed by the Rev. J. S. Wilson pastor of the United Presbyterian church. The bride wore a beautiful gown of white crepe de chine with a veil caught up with ribbons of the velvety and carried brides roses. She was attended by her sister, Miss Elizabeth Aitken who wore a gown of white embroidery and

American Music Society Closes Season. With the meeting tonight at the home of Mr. and Mrs. John Speed Tucker the season of the American Music society of Colorado Springs will come to an end. The election of officers will take place at 8 o'clock, and an interesting program will be given at 8:30.

Luncheon for Miss Lansing. Mrs. Charles B. Lansing entertained Tuesday at a luncheon at the Cheyenne Mountain Country club, in honor of her daughter, Miss Abby Lansing, and the members of her wedding party. The guests were Miss Lansing, Mrs. William Living Hornell, Miss Gladys McConnell, Mrs. Elizabeth Lockhart, Miss Margaretta Boas, Mrs. Charles L. Lunt, Miss Charlotte Toulson, Miss Anne Lyre and Miss Eleanor Anderson.

Plans for Fair Progress. Daughters of some of the women who do the most for the charities of Colorado Springs, the young ladies who are planning for the sale at the San Luis school Saturday afternoon are proving themselves a worthy to succeed the older generation. The affair is to be given for the benefit of the Visiting Nurses association and the articles for sale have been made by the young women during the Lenten season in the hope that they may bring in a large sum for the association.

The committees are as follows: Pianoforte table Mrs. Lawton, the Misses Sarah Harrison, Mary Case, Misses Margaret Fetter, Mary Lawton, Bertha Ann, Bernice Farrington, Jo van Dine, Janet Penney, Julia Haysell, Grab bag Miss Evans, the Misses Maudie Harrison, Edith Farnsworth, Katharine Brooks, Miss Shober, Menu cards and pictures Agnes Donaldson, Nancy Jackson, Peggy Jackson, Julie Sturges, Carol Davidson, Home made candies, the Misses Elizabeth Brooks, Anna Shober, Madeline Connell, Betty Hall, Dorothy Coffin, Dills, Elizabeth Lewis and Bobbi, center table table. Some Mrs. Anna, Mrs. Dan Dillon, (Assessment) Mrs. James Ferguson, Burns, Mrs. Arthur Lennox, Drummond, Miss Margaretta Harrison, Miss Janet Hawkins, Miss Gladys Burns.

Church Societies Meet Today Section one of the Ladies Aid society of the First Methodist church will meet this afternoon at the home of Mrs. J. B. Keen, 1921 Washington avenue at 2:30 o'clock. The assisting hostesses will be Mrs. Arnold, Mrs. Radford and Mrs. Brown. The ladies are asked to bring their rhinestones as there will be sewing for the hospital.

The Northeast section of the First Baptist church, Mrs. Paul, chairman, will meet this afternoon at 2:30 o'clock at the home of Mrs. Shaw, 1718 North W. street.

The Dorcas society of the Swedish Lutheran church will hold a social this evening in the banquet room of the church beginning at 8 o'clock. An after picture will be viewed for the first time. All friends are invited.

Seats Sell for Minstrels Preparations are well under way for the minstrel to be given by the Dorcas club, beginning Saturday evening in the club house on South Tenth street. The stage has been erected for the accommodation of the enthusiastic young performers and final rehearsals are putting the various numbers into shape. Tickets are on sale at the Willet R. Willis salerooms and there is a great demand for them.

Frances Willard Union The regular meeting of the Frances Willard union, Women's Christian Temperance union will be held this afternoon at St. Paul's Methodist church on South Nevada avenue. The department of medical temperance will have charge of the program. There will be readings vocal and instrumental music an address by Dr. J. Robinson and The Story of the Sierras given by ten juniors. The business session will begin at 2:30 o'clock.

It is estimated that 700,000,000 fish were caught in the waters off the east coast of England during the past year.

Picnic Party Tuesday A jolly picnic party was enjoyed Tuesday evening by friends of Mr. John Laveley at Camp North Cheyenne. Roast beef, baked potatoes and many other picnic dainties were served, and there was fun of all sorts in addition. Those participating were Miss Gertrude Hertel, Mrs. Bella Rasmussen, Miss Winger, Miss Mary Richardson.

Luncheon at Country Club It was a most enjoyable affair when Mr. and Mrs. Barrett Plimack were visited by Mr. Chester Alan Arthur and who will leave tonight for New York city. Mr. and Mrs. James Nick, Friday gave a luncheon yesterday at the Cheyenne Mountain country club. Those who were present were Mr. and Mrs. Plimack, Mr. and Mrs. Chester Alan Arthur, Mr. and Mrs. Godfrey Kissel, Mr. Franklin Bartlett, Mr. Francis Drexel Smith, Mr. Dan Knowlton and the host and hostess.

American Music Society Closes Season. With the meeting tonight at the home of Mr. and Mrs. John Speed Tucker the season of the American Music society of Colorado Springs will come to an end. The election of officers will take place at 8 o'clock, and an interesting program will be given at 8:30.

Luncheon for Miss Lansing. Mrs. Charles B. Lansing entertained Tuesday at a luncheon at the Cheyenne Mountain Country club, in honor of her daughter, Miss Abby Lansing, and the members of her wedding party. The guests were Miss Lansing, Mrs. William Living Hornell, Miss Gladys McConnell, Mrs. Elizabeth Lockhart, Miss Margaretta Boas, Mrs. Charles L. Lunt, Miss Charlotte Toulson, Miss Anne Lyre and Miss Eleanor Anderson.

Plans for Fair Progress. Daughters of some of the women who do the most for the charities of Colorado Springs, the young ladies who are planning for the sale at the San Luis school Saturday afternoon are proving themselves a worthy to succeed the older generation. The affair is to be given for the benefit of the Visiting Nurses association and the articles for sale have been made by the young women during the Lenten season in the hope that they may bring in a large sum for the association.

The committees are as follows: Pianoforte table Mrs. Lawton, the Misses Sarah Harrison, Mary Case, Misses Margaret Fetter, Mary Lawton, Bertha Ann, Bernice Farrington, Jo van Dine, Janet Penney, Julia Haysell, Grab bag Miss Evans, the Misses Maudie Harrison, Edith Farnsworth, Katharine Brooks, Miss Shober, Menu cards and pictures Agnes Donaldson, Nancy Jackson, Peggy Jackson, Julie Sturges, Carol Davidson, Home made candies, the Misses Elizabeth Brooks, Anna Shober, Madeline Connell, Betty Hall, Dorothy Coffin, Dills, Elizabeth Lewis and Bobbi, center table table. Some Mrs. Anna, Mrs. Dan Dillon, (Assessment) Mrs. James Ferguson, Burns, Mrs. Arthur Lennox, Drummond, Miss Margaretta Harrison, Miss Janet Hawkins, Miss Gladys Burns.

Church Societies Meet Today Section one of the Ladies Aid society of the First Methodist church will meet this afternoon at the home of Mrs. J. B. Keen, 1921 Washington avenue at 2:30 o'clock. The assisting hostesses will be Mrs. Arnold, Mrs. Radford and Mrs. Brown. The ladies are asked to bring their rhinestones as there will be sewing for the hospital.

The Northeast section of the First Baptist church, Mrs. Paul, chairman, will meet this afternoon at 2:30 o'clock at the home of Mrs. Shaw, 1718 North W. street.

THURSDAY, MAY 1, 1913.

A HOME PRODUCTS SHOW

COLORADO SPRINGS is by no means a manufacturing center, but just the same most people would be surprised to know just how many different things are made here and their aggregate value. The Chamber of Commerce, through its committee on Trade and Industries, intends to show them.

The week beginning Monday, May 19, is to be Home Industries Week. This energetic committee, under the direction of Chairman O. E. Hemenway, is hard at work on the necessary arrangements. Subcommittees are arranging things with the manufacturers, securing window space from the merchants for the exhibits and taking other steps to make the affair a big success. The plan is to bring together attractive displays of the goods of every kind manufactured in the Pikes Peak Region and exhibit them for a week in show windows where they will be seen by the greatest number of people.

We remember that about fifteen years ago, when Kansas City had about one-half its present population, and was considerably less important than it is now, its Commercial Club arranged a home products show. At that time almost nobody in Kansas City regarded the place as a real manufacturing center. But when the exhibits were gathered they completely filled the big convention hall, which seats 18,000 people, and everybody was amazed at the importance of the industrial condition they revealed. The show did more to stimulate local pride and encourage local support of Kansas City's manufacturers than anything else that could have happened.

Colorado Springs does not aspire to become a great manufacturing center, but it wants to attract new industries and to encourage those which it already has. We predict that the showing made during Home Industries Week will have an effect here similar to that produced in Kansas City by its exhibition.

MAKE IT A REAL CLEAN-UP

PUBLIC interest in the Clean-up Day movement has already taken the form of actual work with the rake and the wheelbarrow. In anticipation of a visit from the wagons of the Street Department next Saturday, innumerable piles of rubbish have already been stacked in the alleys and beside the curbs. All over the city the people are showing a live interest in the effort to give Colorado Springs a thorough spring housecleaning, and it is evident that the Street Department will have plenty to do next Saturday.

This is a general movement and every householder is expected to take part in it. Rake your lawn clean, and give particular attention to the backyard. See that all the tin cans and the winter's accumulation of leaves and rubbish are deposited in a pile in the alley or beside the curb. Then phone Main 500 and see that your address is properly recorded, and the Street Department will do the rest. But don't expect the Street Department to rake your lawn or do anything else except haul the stuff away.

Remember, too, that the Civic League will conduct a seed and plant exchange at 415 East Pikes Peak Avenue where anyone who wishes to help in the movement to beautify Colorado Springs is invited to leave seeds and plants for distribution. The committee in charge has enlisted the aid of the school children, who are doing effective work both at their homes and on the school grounds.

The Clean-up days held in the past have shown what remarkable results can be accomplished by concerted effort. And if anyone doubts that these results are needed he has only to take a drive through two or three miles of alleys. He will be surprised to find that as a rule the people of the North End give less attention to the care of their backyards than the people of the West Side and some other parts of the city which, as seen from the streets, are not as attractive as the North End. Clean-up Day affords an opportunity for all the people in all parts of the city to alone for past neglect and start out on an equal basis.

One of its effects ought to be the stimulation of civic pride to such a degree that it will not be necessary hereafter to make a special effort in this direction.

DENVER AND OTHER TOWNS

IT IS self-evident that a city cannot attain a large population and grow to wealth and commercial importance unless it has a rich tributary country. The state must have population, its industries must be developed and its people must be prosperous, or the metropolis of that state will languish.

It is the failure of the people of Denver, and more especially their commercial organizations, to recognize this principle, that is responsible for a great deal of ill-feeling on the part of the smaller cities and towns toward the capital city, and it is also largely responsible for many adverse conditions in Denver itself. In effect, Denver long ago adopted the motto of Louis XIV "I am the State." It sought its own aggrandizement at the expense of all Colorado outside its own borders. It talked vociferously of the importance of "getting together to boost all Colorado," when it really meant to boost only Denver. And it has never shown by its works that it means anything else. Its dominant sentiment, as expressed by the activities of its commercial organizations and in the columns of its newspapers, is to grab everything in sight for Denver and let the rest of the state go hang.

Now we are assured that all this is to be changed. Fortunately there are a few far-seeing men in the Denver Chamber of Commerce who realize the folly of attempting to build a permanent edifice on so unstable a foundation. They know that Denver never can become truly great and prosperous by robbing Colorado Springs, Pueblo and the other towns; that in common with the smaller cities it must devote a share of its energy and money to the up-building of Colorado as a whole and then reap its rewards from the prosperity which will come to the entire state.

It was to advance this idea that one of these men, Mr. G. W. Martin, brought a committee of the Denver commercial organizations here Tuesday evening to talk with the directors of the local Chamber of Commerce. It is a new idea in Denver, though it is old everywhere else, but it is none the less meritorious at that account. The visiting committee found the local men more than glad to talk over plans for more harmonious action, but they also found that Colorado Springs has not forgotten the everlasting "rubbing in" process to which it has been subjected by Denver for years.

The policy of pin-pricks which has marked Denver's attitude toward the smaller cities, its habitual friendly smirk when it wants contributions or support for its own schemes, and its efforts to grab everything for itself at all other times, have left a good many sore spots, and the net result is that Denver is pretty cordially detested, not only in Colorado Springs but in Pueblo and throughout the state generally.

This is why the Chamber of Commerce here, (and we imagine it will be the same in Pueblo) is inclined to wait for some substantial evidence of genuine, disinterested friendship before falling bodily into the arms of its bigger neighbor. It is a self-evident truth that the greatest good of Colorado as a whole, and of its cities and towns individually, is to be attained by sincere, energetic team work. We sincerely hope that the result of Tuesday night's meeting will be a permanent cessation of the petty fling of the Denver newspapers against Colorado Springs, and the equally petty actions of its commercial organizations. If this happens it will be the biggest possible boost for both cities.

PORTENTS IN CUBA

From the New York Sun.
 The facility with which Cuban politicians are being exterminated is a sign of the administration of Gen. Mario Menocal, who will become president of the republic on May 20. An expoliceman at Cienfuegos, obviously tired for the purpose, shoots down Senor Mendez, a Conservative, "the best mayor" that lawless town ever had, and a few days later his political rival, Jose Fernandez, a Liberal, known as "Chichi," is ridden with bullets in a cafe by Eustaquio Ordonez, a special policeman and supporter of the dead mayor. As "Chichi" was a friend and ally of Senor Mendez, Fernandez and concerned with him in the "revolution of 1908," which, although bloodless, brought an army of 5,000 American regulars to Cuba, it is quite natural for Fernandez to be marked for slaughter and must defend themselves. In its next issue the Liberal organ La Noche de Havana announced irresponsibly that "a revolution has been decreed."

The feud between the Conservatives and Liberals is not, however, the worst aspect of the political situation as General Menocal is about to take office. The Conservative president, a veteran of the revolution of 1895-98 and a man of resolute character, might be able to cope with the Liberal conspirators, who even now are plotting a revolution, but the graver problem is how he shall govern Cuba with an empty treasury. In work done on public contracts alone there are obligations of \$3,000,000 to individuals and in addition \$1,000,000 is due for awards arising out of expropriations of lands. Money to pay these awards was available some time ago, but it has been diverted to other purposes that are not of record. With a depleted treasury President Gomez seems to be bent upon letting the important contracts for extending the Malecon from San Lazaro to Chorrera, and adding the new administration with still another million dollars of debt. It is evident the purpose of the Liberal party is to let nothing to discredit General Menocal and ruin

his administration. Indeed, the threats to prevent his inauguration by force are not altogether idle, but the conspirators will hardly dare to go to such extreme lengths.
 Intervention by us would end logically in establishing the constitutionally elected president in office. If Mario Menocal cannot govern, Cuba successfully no other man has the capacity and character to do it. He is the hope of free Cuba, and that is why the United States government wishes him well.

THE PRESIDENT AND PANAMA TOLLS

From the Philadelphia Public Ledger.
 Credible reports come from Washington that President Wilson is opposed to the exemption of American coastwise shipping from the payment of Panama canal tolls and that he has informed Ambassador Bryce of a desire to settle the dispute amicably and justly.

One of the reasons assigned for Mr. Wilson's attitude is that he is opposed to subsidies, and, inasmuch as the granting of free passage to coastwise shipping is in effect a gift of about \$1,200,000 a year, Mr. Wilson as a consistent Democrat is against this form of subsidy.

That is not Mr. Wilson's reason, or, at any rate, let us trust that he has another and even a stronger ground for opposition. The argument against toll exemption is found in the Hay-Pauncefote treaty between the United States and Great Britain, in which the United States, and of the rest of this nation, entered into a solemn covenant that pledged this country to permit the ships of "all nations" to go through the Panama canal on absolutely "equal terms."

Another report relative to the president's attitude asserts that "Wilson is for England in the canal dispute." The implication is that the president of the United States is alien in thought and sympathy with his own country and in opposing free tolls exhibits himself an Anglophobe.

This is the sort of covert sneer that can honorable man can survive. Mr. Wilson in this case is not for England; he is for the credit and integrity of America and for the faith and honor of every American citizen. He proposes, if his policy is correctly stated, to stand up for the validity of American treaties, for American good faith, for our name at home and abroad as a nation whose word can be trusted in the future.

The right of way to loosen the Panama tangle is to repeal the law recently enacted by congress. If that cannot be done, the next best thing is to submit the question to arbitration under another solemn pledge contained in the arbitration treaty with England; but that is all a matter of detail. The main thing is that the president of the United States believes the best way to stand by his country is to preserve the nation's honor. When the spirit is willing the means will easily be found to accomplish the purpose.

ANCIENT LEARNING AND MODERN HERESIES

From the Philadelphia Public Ledger.
 The Association of Teachers of Mathematics had a warm discussion in their spring session at the Central High school, and certain heresies of their own number went so far as to say that algebra is of no practical use in its bearing upon the affairs of everyday life.

Every now and then someone feels called upon to take up the cudgels in behalf of Latin and Greek against modern languages. There was a time when the "dead" languages were about all one had to know to win a college scholarship. At a still earlier day the whole of natural history was thought to be embraced in the works of Aristotle and Pliny. Today there are no more unquestionable foundations in any branch of knowledge.

What many a learner needs to realize, when his faith in learning is shaken, is that this education is not necessarily to provide him with something he can sell the next minute. It may take him years to market the produce of his exhortation. But by his accomplishments and his widened interests he has enriched his life and developed his personality. A very doubtful test of a liberal education is its immediate convertibility into gold cash.

AN IOWA IMMORTAL

From the McGregor News.
 Madonnas Ploog spent Sunday with her father at Elkader.

"IT'S MINE"

By RUTH CAMERON.

Once upon a time a very self-centered, cold-hearted, wicked old woman died and came back to the place, call it what you will, to which such people go. Now, in the midst of her suffering, this woman looked up and seeing an angel in heaven (I don't personally understand how the architecture of the place to which such people go would make that possible, but I am simply relating an old story as it was told to me, cried out to him and begged him to let her out somehow.

Obviously the angel had a tender heart, for he told her she would see what he could do. Then he asked her if she had ever done any kind of good. This was a poser for the self-centered old woman, but after racking her memory for a long time, she remembered, unfortunately that she had once given away a carrot to some poor starving creature.

At this the angel disappeared and came back a few minutes later with a huge bagful which he let down to the woman. "Take hold of it," he said to her, "and I will lift you out by it." The woman did so, and the carrot did not break, but by this time a crowd of other miserable creatures had gathered about her, and as they saw her being lifted up toward heaven, they frantically seized hold of her skirts, hoping to be lifted up too. And they were. Up towards heaven went the carrot, and the selfish old woman with a long train of miserable creatures clinging to her skirts and to each other. And the carrot did not break. But the old woman looked down and seeing all the people who were clinging to her became frightened. "Let go," she cried, "it's mine." And as she spoke the carrot broke and she and all the feet tumbled back again into darkness and the angel disappeared.

Perhaps you have heard that story before. It's a very old tale. But I have recalled it to you today because a little incident recalled it to me.

I heard a settlement worker ask a young woman who had had the benefit of a splendid education to devote an evening a week to teaching in a settlement house. She refused emphatically. "You know I can't bear those dirty foreigners," she said, "besides, I hate to teach. And then, I'm terribly bossy. Got someone else."

In refusing to share her splendid education with those who asked help to climb out of the darkness of ignorance, that girl was saying, "It's mine" just as plainly as if she had screamed it out.

In refusing to share our particular blessing, whether it be money or leisure, talent or education, or any other good thing with those who lack it, we are doing "it's mine."

THUNDER

By GEORGE FITCH.
 Author of "At Good Old Swash."

Thunder is nature's favorite and greatest bluff.

It is the most tremendous and impressive of noises. A robust clap of thunder can be heard for 24 miles, and can sour the milk in 10,000 refrigerators. Few things inspire man with more awe than a real of thunder rolling majestically from cloud to cloud, and grumbling slowly out of hearing like a titanic lion who has had a miss meeting for breakfast and isn't satisfied. Many times a year thunder fills the "closets of this country with frightened women, but it has never hurt anyone. No one can be blamed for paying attention to a dog's bark, because in that case the noise precedes the danger, but it is

"Sour milk in 10,000 refrigerators."

foolish to flee from thunder. By the time an adult thunder clap has crashed into the conversation and has jarred the chandeliers, the lightning, of which it pretends to be a warning, has already missed up the clouds and retired to parts unknown. Thunder is the great "I told you so" of the elements, and is as useful as a whistle on the rear end of a train.

Thunder is very impressive, like campaign oratory, and is the only thing which exceeds it in grandeur. Thunder is produced by vast quantities of air rushing into a vacuum, while campaign oratory is usually produced in exactly the opposite manner. There are noise makers of similar type between nature's greatest noise, and man's loudest remark, however. The man who can fill an auditorium with ponderous reverberating phrases, which do not mean anything, even when they can be heard four blocks, is usually more feared than the speaker who uses the swift, something similar in a quiet voice, and does not wait one collar to speak.

In order to make a single clap of thunder, it is necessary for nature to employ several million volts of electricity in hyping a vacuum in the air. This is a great waste of power, and also of noise. If the electricity cannot be wielded into captivity, by scientists, our inventors should take up the task of channeling the thunder and working it up into jury arguments and stimp speeches.

OLD-TIME COFFEE DRINKING

From the London Chronicle.
 Coffee, like tea, was from an early date welcomed as a rival to alcoholic drinks. Writing in 1689, shortly after its introduction into England, Howell makes the comment that "this coffee-drink had caused a great sobriety amongst all nations, formerly, clerks, apprentices, etc., used to take their morning draughts in ale, beer or wine, which often made them unfit for business. Now they play the good fellows in this wakeful and civil drink. The worthy gentleman, Sir James Muddford, who introduced the practice thereof first in London, deserves much respect of the whole nation."

Toronto is considering harbor development schemes to cost \$50,000,000 and to occupy 10 years in the installing. A ship channel 800 feet long will lead into the busy industrial district.

APOLOGIZES FOR SLAPPING CONGRESSMAN

C. G. GLOVER.
 Of Washington.
 The written apology sent by C. G. Glover, the wealthy banker, to the congressional committee investigating the case for having slapped the face of Representative Sims of Tennessee, came as a big surprise to those interested in the case. In his apology Mr. Glover explained that "in a moment of passion" he had taken the law into his own hands, and that he desired "in the future" to abstain from such a "minor" act. He also made an emphatic statement in his apology of showing his respect to the house. He added that he reserved the right to fall back upon a decision of the supreme court. He was adjudged in contempt of the house, however.

OPPOSED TO APPOINTMENT OF COLORADO SUFFRAGIST

WASHINGTON, April 30.—Announcement of the intention of Secretary Lane of the interior to appoint Miss Anna G. Rogers, a leading suffragist, to be receiver of the public land office at Leadville, Colo., because he believes that "money can be handled more safely by women than by men," brought the following letter from a New York man to the secretary:

"This notice of your appointment of suffragist Rogers has caused great surprise, and your remarks about men. The women you know may be of such a type, also the men; but most of us meet women who throw away a great deal of money on dry goods, and fool hats such as included pictures of them, and make their husbands for their hard-earned wages, until we men are fast going to the criminal class to get money for their wives to squander."

"Please use your influence to give men work and make women stay at home and keep it for the comfort of husband and children, so the homes will not be broken up and the children run wild and unruly."

U. S. HEALTH DEPARTMENT INVESTIGATING NEW 'CURE'

WASHINGTON, April 30.—Investigation of the alleged "tuberculosis cure" of Dr. B. Duker of Chicago is to be undertaken by the United States health department. Surgeon General Blue today issued orders detailing Dr. Julius O. Cobb, director of the Marine hospital of Chicago, to inquire into the treatment and report. The assignment was made at the urgent request of former Senator William Lorimer of Illinois.

"I have asked the governors of every state in the Union," said Mr. Lorimer today, "to send reports to Chicago to watch the work of Dr. Duker, and now that the government has taken action, I think they all will do the same."

It developed today that since the health service has been investigating the alleged cure of Dr. F. E. Friedman, Surgeon General Blue has been virtually inundated by correspondence or "discovery" of similar cures. Most of them make appeals for assistance and recognition.

\$3,000,000,000 FOR GOOD ROADS, IS LATEST PLAN

WASHINGTON, April 30.—An expenditure of \$3,000,000,000 for good roads—\$1,000,000,000 being for construction and \$2,000,000,000 for maintenance, the investment extending over a period of 20 years, was proposed today in a plan submitted to the joint congressional committee on federal aid in the construction of post roads, by former Senator Burke of Oregon.

Senator Burke's plan provides for federal and state cooperation. He also suggested the establishment of a national school of highway and bridge engineering, from which trained specialists in road building would be supplied to the various states.

The \$3,000,000,000 construction fund, according to Senator Burke's plan, would be apportioned among the states upon the basis of area, population, assessed valuation and road mileage. The states could be required to deposit three per cent interest in amount commensurate with the amount of money provided annually, sinking fund would be established, it is estimated from which the government would pay off the bonds at the end of 20 years and the state would be relieved of the payment of principal on its bonds.

COMMISSION NAMES BOARD TO FIX RAILROAD VALUES

WASHINGTON, April 30.—The interstate commerce commission today announced the personnel of the board of engineers to assist in formulating plans for the physical valuation of railroads and to have direct charge of the carrying out effect of the plans.

The members of the board are: R. A. Thompson, now engaged in a valuation work for the California state railroad commission, and formerly charged in similar service with the Texas commission; Prof. W. D. Pence, chief engineer of the Wisconsin state railroad and tax commissions, engaged in valuation work; J. S. Worley, of Kansas City, Mo., a consulting engineer; Howard M. Jones, of Nashville, Tenn., a consulting engineer; E. P. Weir, of Pittsburgh, Pa., president of the American Society of Civil Engineers, now directing engineering in the Pittsburgh & Lake Erie railroad.

The commission hopes to effect arrangements by which an officer of the army corps of engineers may be added to the board.

A man living at Auburn, New York, had a severe attack of kidney and bladder trouble. Being a working man, not wanting to lose time, nor run up a heavy doctor's bill, he cured himself completely by using Foley's Kidney Pills. He says: "It is a pleasure to report that the cure was permanent. He has had no return whatever of the pain, backache and burning. His name is J. A. Farmer, and he lives at Auburn, N. Y. I recommend Foley's Kidney Pills as a very effective cure for kidney and bladder trouble." Robinson Drug Co., Ady.

Charles Craig, the artist, sold to the Duchess of Buckingham, who was visiting here, two splendid water colors of Indian subjects.

REVOLUTIONARIES FREE PRISONERS ABOARD SHIP

LISBON, Portugal, April 30.—Revolutionaries by a daring plan secured the release during the night of a number of prisoners detained during Sunday's political disturbances in the capital, and confined on board the Portuguese cruiser Republic in the harbor.

Armed men, dressed as sailors, clambered on board the cruiser at 2 o'clock in the morning and demanded that the prisoners be handed over to them. At the same moment three shots were fired from the guns on the cruiser so that it appeared as though the affair was being carried on with the compliance of the officers and crew.

The prisoners were then given up by their guards and landed from the ship. Naval authorities in the harbor understood what was going on. They had disappeared before any action could be taken against them.

The firing from the cruiser caused great alarm in the capital, many people believing that a fresh revolution had broken out and that fighting was going on.

Polish Nobleman Is Killed; Baron Jailed

WARSAW, Russian Poland, April 30.—An extraordinary sensation was caused here today by the arrest of Baron John Bismarck, one of the wealthiest landlords of Lithuania, on the charge of murdering Prince Ladislas, a relative by marriage whose body was found pierced with two bullet wounds on April 22, in the park adjoining his residence at Tresin near Warsaw.

Prince Ladislas was a well-known Polish nobleman and president of the automobile club of Warsaw. He left his house on April 22, with Baron Bismarck for a railway station. When the prince did not return, a search was made and his body was found in the park standing near by.

The arrest of Baron Bismarck followed on his evidence at the inquest when the police allege was contradictory in regard to the last moments the two men spent together. Baron Bismarck married Princess Radzivila, daughter of Count Adam Radzivila and Princess Carolina de Rosenberg. Prince Ladislas was a grandson of the last Polish minister of finance.

THE Bulgarian Model is the prevailing note right now, in neckwear and handkerchiefs of silk, for men.

Bulgarian, Ottoman and Cubist designs, beautifully weird in their colorings, are correct east now.

Shown for the first time, in Colorado Springs by this store of new ideas.

Reversible, four-in-hands, in our Tejon street windows today... **50c**

The wide border kerchiefs of silk are also Fifty.

DR. J. F. BOWERS

BARTH BLOCK DENVER, COLO.

THREE SMALL FIRES

Fire originating from an explosion of gasoline in a garage caused slight damage at 831 Boulder street yesterday morning. The property is owned by M. L. 120 and occupied by Dr. C. W. Two calls were sent in within five minutes yesterday afternoon, one for a dump fire at Shooks Run, between Wampette and Monument, and the other for a blazing fence at 820 South Wabash. No damage was done by either fire.

GEORGE D. EVANS ILL

George D. Evans, who has been tried for perjury recently in connection with his marriage to Miss Eleanor Pitts of Manitou, underwent an operation for appendicitis at St. Francis Hospital yesterday morning, and was reported as doing nicely last night. Evans and Miss Pitts were married here last July. Several months ago his wife had Evans arrested on a charge of non-support. A charge of perjury later was filed against him, it being alleged that when he secured the license to marry Miss Pitts he had a legal wife but swore he had never been married. He has been tried twice on this charge, the jury disagreeing both times.

Appendicitis Book Free

The Adler-Eck book, telling how to cure EASILY and quickly appendicitis, and how you can relieve constipation at 25c on the stomach. INSTANTLY, is offered free this week by the Colorado Springs Drug Co. Adv.

Movie Man Coming Tomorrow to Film Colorado Springs

Colorado Springs is to be before the public eye of the entire United States for a whole year, through the medium of the best advertising that publicity experts have been able to discover. That medium is the moving picture, and living, playing and working Colorado Springs will be flashed on screens in hundreds of towns from coast to coast, from Canada to Mexico.

The picture man gets here tomorrow noon and starts work at once, because he has a big job before him. Arrangements are being made to film the schools tomorrow afternoon, and every phase of this city's modern educational system will be snapped. The new cottage school plan, which has attracted attention in educational circles all over the world, and the children on their playgrounds and in the class rooms, are to be taken.

Saturday will be a busy day for the camera man. He will have a chance to take hundreds of high school athletes at the big Colorado college meet and get started on his tour of scenic attractions.

The advertising committee of the Chamber of Commerce, which is managing the pictures, is lining up the schedule and will make the announcement tomorrow as to the specific events to be snapped and plans for gathering as many people as possible. People are the most interesting subjects for the picture man, and Colorado Springs people are to be asked to be "on the spot" for the film makers when needed to add to the reality of the scenes.

WILL DISCUSS RAISING BERRIES, SMALL FRUITS

The movement for the raising of small fruits and berries as an important industry of El Paso county will be given added impetus tonight at the meeting to be held in the rooms of the Chamber of Commerce under the auspices of County Agriculturist A. H. Lauck. An invitation has been extended both to men and women interested in this work, and especially to the members of the El Paso County Horticultural society. Mr. Lauck has made recent investigations into conditions here, and finds that there is an excellent opening for such fruits. S. V. Smith, county agriculturist of Pueblo, will attend the meeting and will tell of experiences of Pueblo small fruit growers.

INTERESTING STATISTICS IN CIVIL SERVICE REPORT

The civil service commission yesterday presented its third annual report to the city council for the year 1912. The report shows that the expenses of the commission were \$433.44, leaving a balance of \$55.35 out of the appropriation of \$488.79.

Nine examinations, one for promotional and eight for original appointment, were conducted by the commission during the year. There were 33 applicants to take competitive examinations, only 53 of whom appeared for the tests, and 44 of whom finished them. Of these, 34 were successful. Appointments from the eligibility lists during the year included three patrolmen, and one each of the following: water inspector, barn man, patrol and ambulance driver, foreman, detective, instrument man, chainman, rodman, sidewalk inspector and inspector of weights and measures.

One applicant for the position of city engineer was examined and approved. There were 61 applications in the labor class, and 36 were appointed. At the end of the year there were 69 on the eligibility list and 37 on the preferred list.

Of the applicants, 35 were married and 17 single; 48 were native born and six foreign born, and three were veterans. The ages ranged from 19 to 76, with the average a trifle over 30. None of those examined had grades above 95; four had from 90 to 95, seven from 85 to 90; 12 from 80 to 85; eight from 75 to 80, and three from 70 to 75.

County Farmers Warned to Test All Corn Seed

Warnings to farmers in eastern El Paso county to thoroughly test all seed corn planted are being sent out by County Agriculturist Lauck this week. Mr. Lauck has discovered that much of the seed corn in that section is not fertile, and to prevent a loss to the farmers he is taking special precautions to notify them. The farmers are in the midst of spring corn planting, and the advice, if heeded, Lauck says, will result in a much larger crop of corn than has ever been raised before in this section.

J. L. WARREN ARRIVES TO LOOK AFTER OIL BUSINESS

J. L. Warren, secretary of the Midwest Oil company, and prominently identified with the Reed interest, arrived in Colorado Springs yesterday, and will have his headquarters here in the future. Mr. Warren is devoting his time exclusively to the oil business, and the fact that the general offices of the company are in this city brought about the change. He has been in Denver for the last year. Mr. Warren recently purchased the O. H. Shoup home at 1715 North Nevada avenue. Mr. Shoup, residing at the former residence of V. Z. Reed at 1121 North Tejon street.

IGNORANT OF LAW

Believing that a license was all that was necessary for marriage, a Greek oil miner and his sweetheart, living north of the city, took out a license five weeks ago and are expected to have the ceremony performed. When informed of the legal requirements yesterday they promised to comply.

Ralston Authority Styles

Add the finishing touch to the well dressed man. \$4.00 to \$6.00 in all the newest shapes.

12 VAGRANTS RELEASED; TWO ARE STILL IN JAIL

Mayor Avery yesterday morning remitted the remainder of the fines of the twelve Industrial Workers of the World who have been working on the water main on the city rock pile, and the men were escorted to the north limits of the city and told to keep on going toward Denver. The mayor declined to interfere in the case of Pat Noonan and Harry Grimes, who still prefer a bread and water diet in jail to work.

COMING! COMING!

Y. M. C. A. circus, May 9-10. New acts. New costumes. Adv.

BUSTER KEEPS LICENSE

J. M. Buster will be allowed to retain his license as tourist driver and selector, as a result of action taken yesterday by the city council, which voted against revocation of the license. Buster was charged with violating the ordinance of the city council, which prohibited the soliciting of business by the water department. The council declined to grant the petition of residents of the South Colorado Springs addition for an extension of the water mains, estimates for the improvement showing the cost to be prohibitive.

Expenditures of the park commission for the first three months of the year were \$5,018.28, and the receipts were \$300, according to the report of the commission, filed with the council. The commission probably will begin work shortly on the rippapping of Monument creek in Monument Valley park.

A liquor license was granted to the Santa Fe Drug Co. at 502 East Pike Peak avenue.

Fine Remedy For Eczema

Also for Salt Rheum, Tetter, Psoriasis, Lupus, and All Skin Afflictions.

Even a Microscope Won't Find a Blemish After S. S. S. Gets Through.

All skin troubles should be attacked from within by giving the blood circulation a good daily bath. This is accomplished with S. S. S., the best known and most highly recommended blood purifier ever discovered. Its action is very rapid. Its vegetable nature is such that it naturally goes right into the blood, saturates the entire circulation, bathes the tissues with an influence that enables the skin to heal quickly. The action of S. S. S. is that of an antidote, and this fact has been demonstrated time and time again in the most severe forms of weeping eczema. Its influence in the tissues where the tiny arteries transfer the red blood for the worn out blood to the veins is quite remarkable and goes on constantly with every tick of the clock—the heat of the heart. And new skin is thus caused to form while the germs of irritating influences that cause eczema are scattered and their harmful nature entirely suspended.

S. S. S. has a wonderful tonic influence in the blood because it contains no "drugs." It is not a "physic" entirely free of any mineral drugs or any other drugs, except the remarkable medicinal effect of the pure vegetable product of which it is made. Few people realize how harmful are many of the strong, crude ointments that used to be in favor before they learned that S. S. S. is safe, speedy and sure. Ask at any drug store for a bottle of S. S. S. Give it a good trial and you will soon see a decided improvement in any form of skin trouble. Write to The Swift Specific Co., 127 Swift Bldg., Atlanta, Ga., for special free advice on eczema and any other form of skin or blood trouble.

TWO SCHOOL CANDIDATES INDOORSE RECOMMENDATION

The Rev. Thomas S. Robbent, pastor of All Souls Unitarian church, and the Rev. C. H. Boone, pastor of Fannie African M. E. chapel, two of the candidates for the school board at the election next Monday, have placed themselves on record as endorsing the recommendations made at a recent meeting of citizens interested in school management. These recommendations, in brief, urge more businesslike principles and more publicity in the management of the public schools. They also suggest that the schools be used more generally as social centers.

Mr. Robbent's letter endorsing the recommendations is as follows:

Without in any way criticizing the present members of the board of education—and let me say that I earnestly hope this campaign will be conducted without personalities and in a square, open and courteous manner, worthy of the city we are all trying to help—I fully and heartily endorse the resolutions presented. Those relating to publicity (Nos. 1 and 2) are in perfect accord with the most modern methods adopted by boards of education in every city with which I am acquainted; while the recommendations in regard to social centers, playgrounds, the appointment of a supervisor of playgrounds and amusements and the extension of manual training in the high school (Nos. 3, 4 and 5) are so obviously for the benefit of the city that I endorse them not only strongly, but enthusiastically.

THOMAS S. ROBBENT.

The letter of the colored pastor follows:

Boone's Letter. Allow me space in The Gazette to say that I unqualifiedly endorse the recommendations of a committee of citizens concerning "moral business and greater publicity in schools."

These recommendations are in keeping with the only satisfactory methods of training business; they are essential to a lively and most effective school system.

I am for them in their totality.

C. H. BOONE.

EL PASO STOCK SLUMPS TO ONLY \$3.75 A SHARE

El Paso closed without sale on the local market yesterday at only \$3.75 bid. It asked \$4.25, 25 cents lower than the low water mark reached a few days ago and is \$2.50 below the record price offered about nine weeks ago on exchange.

No reason is given by local mining men for the slump. The El Paso Consolidated Gold Mining company was originally capitalized at \$1 a share, but several months ago on the removal of the offices to Denver, the capitalization was increased to make the par value \$5 a share. The stock soared to \$6.25, but later declined to its present price of \$3.75.

Judge Sheafor Names Denver Man to Board

George Peart, of Denver, general manager of the fuel department of the Victor Fuel company, has been appointed by Judge J. W. Sheafor of the local district court, as one of the members of the new state board of examiners for coal mines. Judge Sheafor was recently asked to make such an appointment by Governor Ammons. Appointments to this board, which was created by the last general assembly, are made by three district judges, each in his respective district. The board is composed of three judges appointed by the governor. Two of these judges appoint experienced coal miners and the third a large operator or manager with coal mine experience. The governor appoints a coal mining engineer.

SPEAKERS ARE ANNOUNCED

A program will be given next Sunday evening at Carpenters hall under the auspices of the local Socialists, and will consist of vocal and instrumental music, short addresses and several recitations. The Socialist forum has announced the following speakers who will address it this morning:

May 11—The Rev. William W. Ranney, pastor of the local First Congregational church, "India."
May 18—J. H. Woodcock, president of the International Anti-Slavery Association, "The Selling and Buying of Our Daughters."
May 25—Attorney C. W. Duff, of Colorado Springs, "A Modern Aspect of Socialism."

The addresses are followed by questions and remarks from the floor, and the meetings are open to the public.

MORE EXPENSE STATEMENTS

His campaign for mayor cost Arthur Cornforth \$113, according to his statement filed yesterday with the city clerk. This amount was spent for picture slide, stationery, stamps and other incidentals. E. K. McCloskey, candidate for councilman, spent \$32.

G. P. Grimes, candidate for mayor, expended \$622.25. Among the items were 10 cents for coal oil, \$102 for stenographic work, \$2 for charity hall tickets, \$33.50 for auto and delivery hire and \$14.80 for meals and cigars. J. C. Hase, candidate for the council, spent \$24.35.

CARD OF THANKS

I wish to thank my many friends who so kindly assisted me during the sickness and burial of my beloved sister, Mary. Also for the beautiful floral tributes.

MRS. ELIZABETH TUCKER.

DUCHESS OF CONNAUGHT STILL IN CRITICAL CONDITION

LONDON, April 30.—The state of health of the Duchess of Connaught, wife of the governor general of Canada, who was operated on yesterday for adnominal trouble, remains stationary but the bulletin issued just before noon today says that her condition will be a "most anxious one during the next few days."

F. H. Morley Will Wed Miss Davies in England, May 5

Word has been received here that Frederick H. Morley, 1321 Wood avenue, and who lived in Colorado Springs for many years before his removal to Denver, some years ago, will wed Miss Evelyn Davies of Denver in Rournemouth, England, May 5. They will sail for the United States May 15, and will make their home in Denver.

Mr. Morley is well known here, as is his future bride, who has often visited Colorado Springs. Frederick H. Morley, father of Mr. Morley, was a member of the Shields-Morley Grocery company of this city.

Novel Proceedings at College When Annual "P. P. Nugget" Issued

A novel "stunt" ushered in the El Paso Peak Nugget, the Colorado college annual publication, yesterday morning, when the members of the junior class, which edits the book, took the part of miners and proceeded to "blast" the volume out of a mine that had been constructed on the stage at Perkins hall. After several shots had been fired a large gilded nugget was wheeled from the entrance of the mine, and Editor E. S. Jackson and Manager G. S. Cowdery burst forth, holding copies of the new book. All the men of the class were dressed as miners, and the girls wore gingham aprons and carried lunch pails. The "college division of the I. W. W." formed a part of the parade, a number of the men wearing huge buttons of the order. The members of the class held a picnic in the jungle at noon.

This year's edition is bound in black undressed calf leather. It is dedicated to Miss Ruth Booms, dean of women, and is replete with bits of scores of college scenes. Grille roasts on prominent students and members of the faculty form no small part of the book.

THIS INTERESTS EVERY WOMAN. A family doctor said recently that women come to him thinking that they have female trouble, but when he treats them for their kidneys and bladder, the soon recover. This is worth knowing, and also that Foley Kidney Pills are the best and safest medicine at such times. You cannot get better, faster medicine for backache, weary, dragged-out feeling, aching joints, irregular kidney and bladder action, and nervousness due to kidney troubles. Try them. They are tonic in action, quick in results. Robinson Drug Co. Adv.

Societies and Clubs

El Paso lodge No. 13, A. F. & A. M., will hold a special communication tomorrow evening at 7:30. There will be work in the first degree. Visiting Masons are cordially invited.

The O. D. O. club will meet this afternoon at 2 o'clock, at the home of Mrs. Lowe, 814 East St. Vrain street.

Colorado Springs council No. 764, Knights and Ladies of Security, will meet in Robbins hall this evening at 8 o'clock. The social that was planned for this evening was postponed and will be held in M. W. A. hall Saturday evening, May 3.

C. H. Morse of the Brown Palace hotel, Denver, is visiting for a few days in Colorado Springs.

CONFIRMED PROOF

Residents of Colorado Springs Cannot Doubt What Has Been Twice Proved.

In gratitude for relief from aches and pains of bad back—from distressing kidney ills—thousands have publicly recommended Doan's Kidney Pills. Residents of Colorado Springs, who so testified years ago, now say the results were permanent. This testimony doubly proves the worth of Doan's Kidney Pills to Colorado Springs kidney sufferers.

Mrs. H. M. Fitzhugh, 311 N. Weber St., Colorado Springs, Colo., says: "My kidneys were badly disordered and when I caught cold, it made them worse. Hearing of Doan's Kidney Pills, I got a supply at the D. V. Butcher-Price Co. They made my kidneys normal and stopped the other troubles." (Statement given August 16, 1911.)

The Benefit Lasted. On October 22, 1912, Mrs. Fitzhugh said: "I am glad to confirm the testimony I gave in 1911 in praise of Doan's Kidney Pills. I have had little, if any, kidney complaint since."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

THE PROOF of the pudding is the quality of the flavor.

Make two puddings with exactly the same ingredients, except that one is flavored with Dem's Extract and the other with just ordinary extract. Then let your family be the judges.

Buy Dem's reliable flavoring extracts for good cookery.

News of Local Courts

Judge Kinney yesterday in the county court refused to grant a divorce to Frank Williams from Edna Williams on charges of cruelty. The couple were married here December 1st, and the court decided that Williams was proceeding with too much rapidity in seeking a divorce so soon. Williams alleged that his wife absented herself from home at meal time and refused to make his bed.

Dan Lopez paid a fine of \$5 and costs in police court yesterday on a charge of intoxication and disturbance.

Will Franklin and Addie Garrett, both colored, have been arrested on a warrant from Justice Gowdy's court charging them with a statutory offense.

EUGENE YEAVE

Whom Kreisler has called "The greatest of us all." He will play here on May 23, under the auspices of the Musical club.

FLOODS SPREADING

VIDALIA, La., April 30.—Flood water from the Gibson's Land levee crevasse in the Louisiana levee 25 miles from here is spreading with destructive force over Louisiana parish, claiming town after town in its path. Hundreds of homes, barns and thousands of head of cattle are being moved from the flooded district. Two persons are known to have been drowned.

More than 1000 refugees have been taken from the territory and within another week it is estimated the United States army relief corps will be sheltering and feeding at least 20,000 more. There are 1000 refugees in the relief camp at Natchez and hundreds of others are arriving on every steamer sent out by the relief corps.

BANKER'S SENTENCE MAY

BE REDUCED TO ONE YEAR

WASHINGTON, April 30.—Attorney General McReynolds today recommended the commutation to one year of the five-year sentence imposed upon J. E. Walker, vice president of the National bank of Dallas, Tex., for violation of the national banking act. Senator Sheppard of Texas, who appealed to Mr. McReynolds to recommend a pardon announced tonight that he expected to see President Wilson on the next morning. Walker was convicted of borrowing money for himself from a Chicago bank with which the Union bank did business, without showing the transaction in the bank's statement. It is his trial the borrowing was shown to have been done with the consent of the directors of the bank. Walker's sentence will begin immediately if President Wilson does not delay it or issue a pardon.

MANITOU DEPARTMENT

Manitou Preparing for the Tourists

Manitou, through the Hot Iron club, is busy preparing for the summer season and plans for tourist entertainment this year already are well under way. The projects which the club now has in hand include a campaign for civic beauty, the erection of a huge white canvas cross on Red mountain, in honor of the Shriners, who will visit here this summer; the issuance of 50,000 copies of the new "Manitou" guide book that has been adopted for Manitou, and free moving picture shows during the intermission at hand concerts.

The campaign for civic beauty will be handled through the Ladies' auxiliary of the Hot Iron club, and every body in town will be asked to cooperate in it. To facilitate the work, the town will be divided into sections, with one woman in charge of each. The beautifying work will include the planting of flowers, shrubs and plants. Some of the organizations composing the Ladies' auxiliary to the Hot Iron club are the Navajo lodge, Rebekah lodge No. 15, Ruxton chapter No. 10, O. E. S., Pythian Sisters, St. Andrews guild and the Ladies' Aid society of the Congregational church.

The white canvas cross on Red mountain will be 1200 feet long, with a cross-arm 800 feet long, and should be seen for miles out on the plains. William Frizzell, who put up a cross at the same place 21 years ago, will erect this cross. Of the 50,000 copies of the Manitou guide book to be printed, 20,000 will be sent at once to Manitou's distributing booth in Denver and the Denver & Rio Grande railroad will use 10,000. The others will be given out by various organizations. The free moving picture show, to be given during the intermission of 20 minutes at the hand concerts, will be handled by Sid Frankson. He will use among others, scenes along the Colorado Midland railroad, and will give Manitou liberal space in advertising the various local attractions.

CLEANING UP IN MANITOU

In order to help in cleaning up the town, from now until May 15 a municipal team will make the rounds of the streets and pick up trash of any kind that is placed in a pile along the early line. During this time all residents are urged to clean up their yards, and the council believes that the provision for free removal of the rubbish will aid greatly in getting the work done. After May 15 the ordinance prohibiting the throwing of refuse in streets, alleys, vacant lots, and streams, will be enforced. This provision is as follows:

Section 14. Throwing Rubbish on Streets, etc. Penalty. Any person who shall throw into any street, alley or vacant lot, or any stream in the town, any wrapping paper, old clothes, shoes, hats, bottles, broken glassware, straw, tin cans, gunny sacks or filth, shall be deemed the author of a nuisance, and on conviction, shall be fined in a sum not less than five dollars nor more than twenty-five dollars.

IMPROVEMENTS ARE UNDER WAY AT THE IRON SPRINGS

With the completion of work now under way under the direction of J. G. Haggard, the Iron Springs pavilion will have the largest seating capacity of any resort building in Manitou. The pavilion has been erected in the town and is supported by concrete columns 20 inches square, and there will be a lecture hall and moving picture theater under the pavilion. A tiled concrete shell will be built in the west wall and a platform erected in front of it for the use of the musicians. The entrance to the pavilion from the scenic incline will be on the second floor, where there is a seating capacity for 700 persons. The entrance from the Cog road will be through an arbor of blooming vines and hanging baskets of ferns.

MANITOU NEWS NOTES

The High line will begin a 10-minute service today.

Albert Carson of Iowa has returned to spend the summer in this city.

A chime party will be given Saturday afternoon by Miss Lucy Merry and Miss Amy Brown.

Lee Martin will become a member of the Manitou police force May 15, after being away for a year.

A meeting of St. Andrews guild will be held this afternoon at the home of Mrs. E. Reichmuth. All ladies are invited.

Mrs. M. E. Duncan will become housekeeper of the Rockwell hotel at Palmer Lake, assuming her duties June 3.

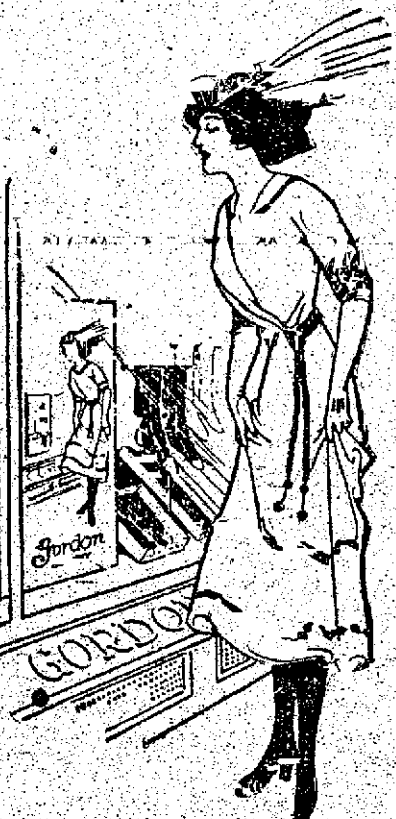

Fred Johnson has returned from a sanatorium in Dumont, S. D., where he has been for the last five weeks. He is greatly improved in health.

Foundations have been laid for nine new bungalows of from two to five rooms each, in the Peakview addition. Four of the bungalows are for local people.

A new cathedral organ, the fund for which was started by an annual visitor from Rochester, N. Y., will be put in at the First Congregational church this month. Mrs. Whipple Price will be organist.

Mrs. F. P. Ernest has come to Manitou to spend the summer, and is at the Helen Hunt cottage on Manitou avenue. She plans to build several bungalows on Washington boulevard this year.

Several improvements will be made in the near future at the old St. Andrews church, which Louis Stock of Colorado Springs has acquired as an office building. He will have the rear of the building remodeled into a three or four-room living apartment, and among other improvements, will put up

VORHES
One Dollar Silk Stockings

"Gordon" Pure Thread Silk Hosiery

With very elastic silk hosiery, garter hem, high spliced heel, lisle sole and toe, black and white, and all the season's needed shades. Every pair guaranteed—

\$1.00 the Pair.

a new electric sign and street light in front of the place.

The Ladies Aid society will hold a missionary meeting, its last meeting of the season, at the Pittsburgh hotel parlors this afternoon. A good program has been arranged and a large attendance is desired.

One member of the board of education, to succeed W. D. Sawin, whose term expires, will be elected Monday. The voting will take place at the school house from 9 o'clock in the morning to 12 o'clock noon. Sawin has made no announcement, but probably will be a candidate for reelection.

The great calamity at Omaha was quickly overshadowed by the terribly disastrous floods in Ohio. Great suffering and sickness from colds and exposure resulted, which Foley's Honey and Tar compound helped to alleviate. L. Ponch, 3211 California St., Omaha, writes: "My daughter had a severe cough and cold, but Foley's Honey and Tar compound knocked it out in no time. My wife would not keep house without it. We have used it for years, always with good results." Robinson Drug Co.

W. T. LA FOLLETTE DIES

MADISON, Wis., April 30.—William T. La Follette, only brother of Senator Robert M. La Follette, died this afternoon of heart disease after a prolonged illness. He was 66 years old. He had held office as receiver of public moneys at the Chamberlain, S. D., land office and as railroad commissioner of South Dakota, and was the Democratic candidate for lieutenant governor of that state in 1908, being defeated.

FARMER'S WIFE ALMOST A WRECK

Restored to Health by Lydia E. Pinkham's Vegetable Compound Her Own Story.

Westwood, Md.—"I am a farmer's wife and do most of my own work when I am able. I had nervous spells, female weakness and terrible bearing down pains every month. I also suffered much with my right side. The pain started in my back and extended around my right side, and the doctor told me it was organic inflammation. I was sick every three weeks and had to stay in bed from two to four days.

"It is with great pleasure I tell you what Lydia E. Pinkham's Vegetable Compound has done for me. I have followed your directions as near as possible, and feel much better than I have felt for years. When I wrote you before I was almost a wreck. You can publish this letter if you like. It may help to strengthen the faith of some poor suffering woman."—Mrs. JOHN F. RICHARDS, Westwood, Maryland.

Women who suffer from those distressing ills peculiar to their sex should not doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co., 222 Franklin St., Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

Colorado City DEPARTMENT

LIBRARY IS IN DEMAND; MANY NEW BOOKS ADDED

The public library is coming more and more into use among the people of Colorado City, according to the records kept by the librarian of the books given out. Many new books have been added to the children's department of the library recently, as follows:

A Boy's Town—W. D. Howells.
A Prairie Rose—Bertha E. Bush.
The Girl Grown Up—Marion Ames Taggart.
Weatherby's Inning—Ralph Hedry Barbour.
The Wives of the Yellow—Helen Hunt Jackson.
A Captured Santa Claus—Thomas Nelson Page.

Beowulf—John Harrington Cox.
Children of Other Days—N. Hudson Moore.
Snowbound—Robert E. Peary.
When I Was a Little Girl in Italy—Marietta Ambrosi.
Nights With Uncle Remus—Joel Chandler Harris.
In Chimney Corners—Seumas MacManus.
Little Mr. Thumbie Finger—Joel Chandler Harris.
Merry Adventures of Robin Hood—Howard Pyle.
The Big of Didn't Think—H. Escott Johnson.
Letters From a Cab—Helen Hunt Jackson.
Animal Heroes—Ernest Thompson Seton.

In His Name—E. E. Hale.
Quest of the Four Leaved Clover (Story of Arabia).
The Only True Mother Goose—Introduction by E. E. Hale.
The Book of Legends—Horace E. Scudder.
Ten Boys Who Lived on the Road From Long Ago to Now—Jane Andrews.

Old Indian Legends—Zitkala-Sa.
Story of a Stanley Waterbury.
True Fairy Stories—Mary E. Bakerwell.
Thirty More Famous Stories Retold—James Baldwin.
The Story of Malak—David Starr Jordan.
Children's Famous Classics: Stories from Homer—A. J. Church.
Stories from Livy—A. J. Church.
Fables of Ancient Greece—George W. Cox.

Stories of Ancient Greece—Charles D. Shaw.
Story of the Romans—H. A. Guerber.
Famous Men of Greece—John H. Haaren.
Famous Men of Rome—John H. Haaren.

Children's Plutarch—F. J. Gould.
Four Lives from North's Plutarch: Stories from Virgil—A. J. Church.

Six Roger De Coverley—Joseph Addison.

Stories from Shakespeare: Told to Children by Jeanie Lang.
Saturday Mornings—Caroline French Gordon.
Story of a Short Life—J. Horatio Ewing.

Tommy-Anne and the Three Hearts—Mabel Osmond Wright.
Burns' Newbie—A. J. Church.
Two Thousand Years Ago—A. J. Church.
Stories From the Fairy Queen.

ESSAY PRIZES AWARDED
Frank Barnhard of the seventh grade of the Midland school has been awarded the first prize of \$4 for the best essay in the contest among all the schools of Colorado City, which closed Tuesday.

GIRLS! GIRLS! YOU MUST SURELY TRY THIS! IT DOUBLES THE BEAUTY OF YOUR HAIR

All You Need Is a 25 Cent Bottle of "Danderine" Hair Gets Lustrous, Fluffy and Abundant at Once

Immediate?—Yes! Certain?—That's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—Danderine a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil and in just a few moments you have doubled the beauty of your hair.

A delightful surprise awaits patiently those who have been careless.

whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use of Danderine, when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it, surely get a 25 cent bottle of Knowlton's Danderine from any drug store or better, directly from the manufacturer.

Tuesday, Georgia May Daniels of the Bancroft school won the second prize of \$3.

Prizes were also awarded the pupils of separate schools as follows:

Whittier, Sixth grade, Rae Bell, first prize, \$1; Ruby Jensen, second prize, 50 cents.
Eighth grade, James Woods, first prize, \$1; Helen Shaw, 50 cents.
Banner, Sixth grade, Edna Booker, first prize, \$1; George Cross, second prize, 50 cents.

Seventh grade, Kenneth Shultz, first prize, \$1; Olga Falk, second prize 50 cents.

Midland, Seventh grade, Amanda Gardner, first prize, \$1; Dobah Norris, second prize, 50 cents.

Longfellow, Grace Snelling, first prize, \$1; Lloyd Schnitzus, second prize, 50 cents.

The Fifth and Sixth grades wrote on "The Injurious Effects of Tobacco on the Growing Boy." The Seventh and Eighth grades wrote on "The Effects of Alcohol on the Human Body."

COLORADO CITY NEWS NOTES

A regular meeting of Glen Eyrie chapter No. 8, Order of the Eastern Star, will be held tonight.

William Strotz and David Reese have gone to the new mining camp at Eagle, Colo.

The Church of the Good Shepherd will observe holy communion at 10 o'clock this morning.

M. Braun has removed to Pueblo with his family. Brian has been a

resident of Colorado City for the last seven years.

Deaths and Burials

The funeral of the Rev. M. M. Mobry, colored, will be held from the Fairley and Law undertaking establishment this afternoon at 2:30 o'clock. Interment will be in Evergreen cemetery.

Mrs. Mary N. Amsden died at her home at Wiegman, Colo., yesterday morning. The funeral will be held at 9:45 o'clock this morning from the Fairley and Law undertaking rooms and the body will be taken to Denver for burial. Mrs. Amsden is survived by her husband, C. L. Amsden, two children, aged 6 and 11 years; a sister, Mrs. John Harmon, and a brother, E. M. Evans.

J. Perry Learnard, aged 44 years, died yesterday morning at a local hospital. The body will be taken for burial to Danville, Ill. Learnard is survived by his wife, son and daughter.

Alonzo E. Bailey, aged 34 years, died at 212 North Walnut street Tuesday night. No arrangements have been made for the funeral.

The road becomes torpid in winter and takes no food for from four to six months.

The Cheerful Life

It is the right of everyone to live and enjoy the cheerful life. We owe it to ourselves and those who live with us to live the cheerful life. We cannot do so if ill health takes hold of us.

The wife, mother and daughter suffering from hot flashes, nervousness, headache, backache, dragging-down feeling, or any other weakness due to disorders or irregularities of the delicate female organs—is not only a burden to herself, but to her loved ones.

There is a remedy. Forty years experience has proven irrefragably that

DR. PIERCE'S Favorite Prescription

will restore health to weakened womanhood. For 40 years it has survived prejudice, envy and malice. Sold by dealers in medicine in liquid or tablet form. Dr. Pierce's Favorite Prescription Tablets can be had of druggist or mailed on receipt of one-cent stamps for \$1.00 or 50 cents. Address R. V. Pierce, M. D., Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, fiery granules.

STATE'S CLASSIEST HIGH SCHOOL ATHLETES ON EDGE FOR TIGER INTERSCHOLASTIC MEET

Finest Array of Silver Cups Ever Offered in West Go to Winners; Entertainment Plans

By IRVIN BRUCE.

The annual interscholastic meet of the state's finest high school athletes will be held at the University of Colorado, at Boulder, on Saturday, May 11, for the biggest athletic card ever held in Colorado. The event will be the seventh annual high school meet, to be given by the students of Colorado college. With the pick of the high school athletes in Colorado competing on Washburn field for \$5,000 worth of loving cups, the finest array ever offered in Colorado, special trains coming from Denver and Pueblo, the show at the home of the Tigers will be one big, glorious occasion.

With about three-hundred athletes, they will be looking in with the very things to be won. When the Tigers get their student machinery in running order, it will be some class. No less waits between events, and everything being timed to the minute. The management, besides having the best dope as to running the meet, has

TWO BIG GUNS WITH THE YANKEES

SAIURDAY TO SEE START OF GOLF SEASON

The formal opening of the season of the Colorado Springs Golf club will occur Saturday. When an 18-hole medal play sweepstakes match will be played. The schedule just announced includes matches with the Denver club, and the Cheyenne Mountain Country club, the first of which is at Denver, May 12, with the Denver Country club. Two new cups have been donated this season, George A. Fowler and J. C. Johnson, presenting trophies for handicap matches.

Cup winners for the last few years are as follows: Prairie cup—J. E. McIntyre, 1910; H. K. B. Davis, Jr., 1911; Percy Hagerman, 1912. Antlers cup—Denver Country club, 1911, 1912. President's cup—H. K. B. Davis, Jr., 1911; J. C. Johnson, 1912. Autumn cup—L. C. Brown, 1911; Sifford F. Hump, 1912. Following is the schedule: May 10—Colorado Springs Golf club vs. Denver Country club, at Denver. May 14—Women's tournament, 3 holes, handicap. May 17—Sweepstakes, medal play, 18 holes, handicap. May 24—Hogey, 18 holes, handicap. May 30—Colorado Springs Golf club vs. Cheyenne Mountain Country club, at Broadmoor. May 31—Four-ball match, 18 holes, handicap. June 7—Qualifying round, Prairie cup, medal play, 18 holes, handicap, 3 to qualify. June 11—Women's tournament, 3 holes, handicap. June 14—(On or before)—First round of match play, for Prairie cup, 18 holes. June 15—21—Championship, Transmississippi Golf Association, held at Glen Echo, St. Louis, Mo. June 16—Play for Tom Morris trophy. June 21—(On or before)—Second round of match play, for Prairie cup, 18 holes. June 28—(On or before)—Finals for Prairie cup, 18 holes. July 4—Flag tournament, also qualifying round, Fowler cup, medal play, 18 holes, handicap, 10 to qualify. July 8—First round, match play, Fowler cup, 18 holes. July 12—Women's tournament, 3 holes, handicap. July 13—(On or before)—Second round of match play, Fowler cup, 18 holes. July 15—(On or before)—Third round of match play, Fowler cup, 18 holes. July 21—25—Championship, Western Golf Association, held at "Home" Wood, Chicago. July 28—(On or before)—First round of match play, Fowler cup, 18 holes. August 2—Qualifying round, Johnson cup, medal play, 18 holes, handicap, 5 to qualify. August 9—(On or before)—First round of match play, Johnson cup, 18 holes, handicap. August 13—Women's tournament, 3 holes, handicap. August 16—(On or before)—Second round of match play, Johnson cup, 18 holes. August 23—(On or before)—Final round of match play, Johnson cup, 18 holes. August 27—Colorado Springs Golf club vs. Lakewood Country club, at Denver. August 28—29—Colorado state championship, held at Lakewood Country club, Denver. September 1—Colorado Springs Golf club vs. Cheyenne Mountain Country club, at Broadmoor. September 14—Championship, United States Golf Association, held at Garden City. September 16—Boyer, 18 holes, handicap. September 19—Women's tournament, 3 holes, handicap. September 20—19—Antlers cup, team championship of state, at Colorado Springs Golf club; Lakewood Country club vs. Colorado Springs Golf club, at Colorado Springs. September 21—Match play, to be played on one of the above dates. September 23—Colorado Springs Golf club vs. Denver Country club, at Colorado Springs. September 29—Qualifying round, for President's cup, medal play, 18 holes, 8 to qualify. September 27—(On or before)—First round match play, President's cup, 18 holes. October 1—(On or before)—Second round match play, President's cup, 18 holes. October 11—(On or before)—Finals for President's cup, 20 holes. October 15—Women's tournament, 3 holes, handicap. October 18—20—18 holes, handicap. October 25—Four-ball match, 18 holes, handicap. November 1—First round Autumn cup, medal play, 18 holes, handicap. November 8—Second round Autumn cup, medal play, 18 holes, handicap. November 12—Third round Autumn cup, medal play, 18 holes, handicap. November 22—Fourth round Autumn cup, medal play, 18 holes, handicap. November 27—Thanksgiving day handicap, 18 holes.

WATCH FOR BALLOONS, FIND TAGS AND GET IN BIG C. C. TRACK MEET

Watch for the balloons, the big box kites, the dummy figures and the searchlight—all tomorrow night. The balloons will have tags attached which will entitle the finder to admission to the intercollegiate field and track meet of Washburn field Saturday. A dozen such balloons will be sent skyward at this ball game tomorrow afternoon.

Tomorrow night the big box kites, with dummies attached, will be sent up, providing that weather conditions are good. The big searchlight used during the summer from the summit of Elkes Peak will be turned from the top of The Gazette building onto these kites and dummies. This is part of an advertising scheme that the publicity department of the college is planning to boost the big meet.

M'CARTY WINS BOUT WITH FRANK MORAN

NEW YORK, April 30.—Luther M'Carty outboxed Frank Moran, the Pittsburgh heavyweight, in a 10-round bout here tonight.

The fighting was at a fast pace for heavyweights. Moran did most of the leading and frequently the men stood toe to toe and swapped punches, both receiving much punishment about the body. M'Carty relied upon a hard left to the face, but often left his guard open, enabling his opponent to land a strong left hook.

M'Carty had the better of the first round, but Moran evened it up in the next. In the third the fighters' heads came together in a mixup, slightly cutting Moran. In the fourth Moran landed a straight left, drawing blood from M'Carty's nose. The fifth was even, but M'Carty took the next two. M'Carty fired in the eighth, a left hook sending him to the ropes, and in the ninth Moran landed several good blows. M'Carty finished strong, landing often in the last round, while Moran, who kept boring in, was wild and missed often.

COBB TO BE REINSTATED WITH A NOMINAL FINE

CHICAGO, April 30.—The belief that Ty Cobb would be reinstated with but a nominal fine was expressed tonight by those who had interviewed members of the national baseball commission, which met here today.

The commission is expected to take up the proposed congressional investigation of charges that professional baseball constitutes a trust.

COULON DEFEATS HUDSON IN EASY FASHION IN FIFTH

WINDSOR, Ont., April 30.—Johnny Coulon of Chicago, champion bantamweight, knocked out Tommy Hudson of Detroit in the fifth round of a scheduled eight-round bout here tonight.

Coulon took matters easy for four rounds, but in the fifth he shot left and right to the jaw and Hudson went out.

LINCOLN, 4; TOPEKA, 3.

LINCOLN, April 30.—Lincoln made three straight from Topeka today, making the final game of the series a score of 4 to 3. The visitors led from the start, the score in the ninth inning standing 3 to 1. Then, in the half of the inning, the locals started a batting rally, a single, double, triple and an out, resulting three runs. Both teams fielded poorly.

KILBANE AND DUNDEE TO FIGHT AGAIN ON JULY 4?

LOS ANGELES, Cal., April 30.—Negotiations were begun today for a return match between Johnny Kilbane, the featherweight champion, and Johnny Dundee, who fought a 20-round draw with him at Vernon last night. The contest last night was unsatisfactory in every way, according to the newspaper commentators today. Although Kilbane led easily on points, the draw decision was commended on the ground that Dundee was the aggressor and coming in at all three, left nearly covered up. Promoter Tom McCarthy and "Sweet" Mitchell, manager of Dundee, expressed the hope of putting on the return match in two or three months, probably July 1.

BOSTON, 2; PHILADELPHIA, 1.

BOSTON, April 30.—Boston won its third game of the season after an 11-inning pitchers' battle between James and Bennett today, 2 to 1. James, a recent transfer from the Northeast league, has won two of the last three victories, both extra-inning affairs. Boston's winning run was scored on Maranville's single, a pop-out, a double play, a sacrifice and a home run by Bennett. Maranville's error made Philadelphia's only run possible. The officials called the game in the eleventh, with only one out, but James and Bennett made good in the short inning.

CHICAGO, 4; CINCINNATI, 3.

CHICAGO, April 30.—The Cincinnati Reds, having recovered their uniforms and regular playing paraphernalia, gave Chicago a hard game today, but the locals won, 4 to 3. The game was a pitchers' battle between Suggs and Pierce, in which luck favored the local warrior.

Chicago was credited with two home runs on drives which were misjudged. Had these hits been played correctly, the result might have been reversed. In the fifth inning, after one Chicago run had been scored, Pierce misjudged a double play, a sacrifice and a home run by Suggs, which gave the locals a 3 to 2 lead. In the sixth, Mitchell's hit, and the ball rolled to the fence, the runner circling the bases. Bumped into a double play, gave them another run in the sixth. The visitors scored a rally in the last inning, when Pierce weakened a single, an error and Abner's clean drive to the club house almost winning the game.

ST. LOUIS, 6; PITTSBURGH, 1.

PITTSBURGH, April 30.—Pittsburgh was unable to hit Steele today, and St. Louis took the first game of the series, 6 to 1. Steele's single gave the visitors a run in the second. An error by Voss, a walk to Kennedy and singles by "Howey," Cuthbert and Suggs, gave them three more in the third. Off the relief, Robinson in the fourth and pitched fine ball, only one run being made off him. Perry pitched the ninth and allowed another run. Miller's single, an out and Steele's single gave St. Louis a 6 to 1 lead in the ninth. It was stated today that Hans Wagner may be able to play in Boston next Tuesday.

Two-base hits—Oakes. Home runs—First base on balls—Off Robinson, 2; O'Toole, 2; Perry, 1; Steele, 1. Struck out—By O'Toole, 4.

BROOKLYN, 5; NEW YORK, 3.

BROOKLYN, April 30.—Brooklyn came from behind with a rally in the seventh inning and won today's game.

Ministers Here for Baseball and Track Tomorrow, 1:30 P. M.

For the first time in history, the Tigers will meet Denver University on track and diamond simultaneously tomorrow afternoon at 1:30 o'clock. The track meet will be run off by 2:30 o'clock, when the baseball match will be started. The Tigers are not after both affairs, and there will be some keen competition on exhibition. The track meet is one of the two to be held here this year, the other with the University of Colorado being scheduled for May 17.

The spring high school athletes will be guests of the college at the athletic post tomorrow afternoon. Tickets for both events will be on sale.

From New York, N. Y., 4:30. New York for the first time in the season, with two out and men on first and second and two strikes on Cuy, showed the better hit a long double, this by Stengel, when and Daubert sent two more runs across.

Cripple Creek Mines

CRIPPLE CREEK TOTALS FOR MONTH OF APRIL

CRIPPLE CREEK, April 30.—The total output in gold for the Cripple Creek district during the month of April was 81,852 tons with a gross total value of \$1,194,232, which indicates a slight decrease in tonnage and an increase in financial returns over the figures for March. The results from the several mills follow:

	Tons	Average Value	Gross Value
Golden Cycle	31,800	\$20.00	\$636,000
Portland	10,000	22.00	220,000
Portland Victor Mill	14,100	3.37	47,517
Stratton Independence	11,384	2.56	29,143
Ajax	4,366	3.05	13,322
Joe Dandy	1,900	2.10	3,990
Dante	1,500	3.00	4,500
Wild Horse	1,300	3.20	4,160
Isabella	800	2.00	1,600
Smelters	3,600	65.00	234,000
Total	81,852		\$1,194,232

NEXT BIG MINE MAY BE THE DOCTOR-JACK POT

CRIPPLE CREEK, April 30.—The next big mine of the district after the Gold Dollar, it is declared, will be the Doctor-Jack Pot, located on the west slope of Raven hill, and adjoining the Mary McKinney on the east. Development of this estate has been held back from year to year because of the litigation which has involved the work as well as the Jack Pot properties. Now that the latter has been taken over the former, increasing its holdings, or rather will take over the claims to satisfy a judgment rendered by the United States District court in favor of the Doctor-Jack Pot company, the estate will be such as to permit the making of a mine.

In the early days some very rich ore was taken from the surface of the Doctor-Jack Pot, Josiah Winchester took out a fortune as well as did Jack Pot. Development who shipped one car which settled for a sum which went high into the thousands.

The veins which go through the new estate that comprises the Jack Pot and the old Winchester, are well defined and are expected to be mineralized high-grade ore is found therein. Operations will soon commence in earnest in the new property and the complete development will be undertaken at the surface. This means an increase of profit for the company which is now making good money in mining a portion of the ground which is not involved in the litigation.

Mining men who should be in a position to know the facts declare that the Jack Pot has the making of a mine with the increased acreage and with every residue of litigation removed and with the active and progressive administration of that company's affairs no doubt it will be made one of the big producers. Every effort will be put forth to open up this ground as soon as possible. The veins will be explored and the ore bodies developed.

It is said that the richest shoots lie between the Jack Pot and the Winchester and the ownership of these have been in question until recently when a decision of the United States District court settled that giving the title to the Jack Pot by virtue of locators and miners.

CYANIDE MILL AT UNION PLANT BEING OPERATED

CRIPPLE CREEK, April 30.—A force of 25 men has been employed for the last few days, preparing the cyanide of the United States Reduction and Refining company at Florence for operating and it is expected that the first regular cyanide mill will be started tomorrow night. The plant was shut down last winter on account of the cold weather, after a successful run of one year and a half, treating the dump of the old Union mill. The amount of material to be treated, it is estimated, will run the mill into next fall, and by that time it will be known definitely whether the company intends to treat the old dump, in which event the plant would be kept in continuous operation for several years.

NEW YORK MARKET CHICAGO MARKET

NEW YORK, April 30.—Irregular movements marked the course of today's stock market. The leading issues were inclined to improve. At the same time, more than 20 stocks touched new lows for the year. Most of these stocks were of secondary importance. Considerable activity was displayed in the 1st included Southern Pacific, New Haven and Baltimore and Ohio.

Although Reading, Lehigh, Union Pacific, Amalgamated and a number of other prominent issues ruled a point or more higher at times, this improvement could not be said to reflect a growth in confidence or buying power. The demand seemed to be chiefly from short covering, and when over stocks were offered, other than the speculative favorites, in which there has been heavy selling recently, it was not unusual to make sharp concessions to find a market.

Early European advices regarding the international political situation were more cheerful, and London sought to bring about a more favorable view of the lower court in the Oregon-California land grant cases.

New Haven broke over 4 points to close the highly favorable March statement disclosing a decrease in net earnings of \$800,000. Reading's net earnings from all companies decreased \$1,248,000. Raising off in the demand for steel products and a growing spirit of caution on the part of buyers were reported in the weekly trade review. In spite of this tendency, and the somewhat disappointing quarterly report of the Steel corporation, Steel was held up well.

The bond market showed a sagging tendency. Total sales, par value, \$2,100,000. United States bonds were unchanged on call.

Japanese Baskets

A new shipment of those won-
derful baskets, more beautiful
than ever. They've been de-
layed in crossing the ocean, but
the splendid new designs are
well worth waiting for.

Come in while the stock is
complete and pick out a dainty
fern, flower or fruit basket.
You'll certainly be delighted
with the astonishing variety of
shapes, yet each one is a perfect
work of classic beauty.

Their rich, dark coloring makes
them particularly effective as
center-pieces on table or mantel.

"Here is the Answer" in WEBSTER'S NEW INTERNATIONAL

The Merriam Webster
Every day in your talk and reading, at
home, on the street car, in the office, shop
and school you likely question the mean-
ing of some new word. A friend asks:
"What makes mortar harder?" You seek
the location of *Loch Lomond*, the prom-
ise of *Julius*. What is *white coal*?
This New Creation answers all kinds of
questions in Language, History, Biography,
Fiction, Foreign Words, Trades, Arts and
Sciences, with final authority.

400,000 Words.
6000 Illustrations.
Cost \$400,000.
2700 Pages.

The only dictionary with
the *Loch Lomond*—char-
acterized as "A Stroke of
Genius."

India Paper Editions:
On thin opaque, strong,
India paper. What a satis-
faction to own the Merriam
Webster in a form so light
and so convenient to use!
One half the thickness and
weight of Regular Edition.

Regular Edition:
On strong book paper, 7½
x 10½ in. Size 19½ x 9½ x
5 inches.
Weight 1½ lbs. 12 pages,
illustrations, etc.
